

'MASHER' TRAPPED BY ACTRESS TRIES SUICIDE

'LIVE OAKS' CITY'S OFFICIAL BOOSTERS

Commercial Club Is Given Enthusiastic Start at Hotel Oakland Banquet Last Night

ROOTED in the soil of unparalleled opportunity, nourished by the waters of past achievement, and fostered by the sunlight of steadfast enthusiasm, the Live Oaks sprang into being last night as Oakland Commercial Club. The club was launched at the magnificent house warming given at the Hotel Oakland last night. The banquet was the greatest annual affair ever held by the Oakland Chamber of Commerce, as it marked welcome to the splendid new hostelry in which the banquet was held, and the commencement of a new epoch in the progress of the city.

The banquet, attended by 510 businessmen of Oakland and the bay region, with guests from the great Pacific Coast cities, was made an occasion by the birth of the Oakland Commercial Club, destined to be one of the great forces in shaping the future of the city, whose members shall be known by the significant title, "the Live Oaks."

Before the banquet commenced last night there were 136 Live Oaks wearing the little badges decorated with the sturdy oak trees. At the close of the festivities close to 500 business men were pledged to wear that button, and to work day by day, with the backing of the financial interests of the city, for the interests of the city as a whole, and the uplift and progress of California and the Pacific Coast.

BEST OF FEELING.
Never before in the history of the Pacific Coast was there a gathering at which such good feeling prevailed, where harmony was the watchword, and friendly rivalry was made the keynote of forwarding the various sections for the benefit of the whole.

The Oakland Chamber of Commerce, with its various auxiliary and associate organizations, marched forward triumphantly as the sponsor of a new organization, imbued with a new life and spirit, ready to take the reins of power, and to drive the city forward along the pathway destiny has marked out for Oakland.

The scene was a fitting one for the launching of the youthful and sturdy enterprise—the Oakland Commercial Club. The great banquet hall of the Hotel Oakland, with its stately white and pillared walls, its dazzling illumination, formed a suitable setting for the long lines of tables at which enthusiastic pioneers of a new day sat with eager faces and flashing eyes listening to the words of encouragement and hope from the lips of orators.

PREPARE FOR MONTHS.
For several months past prominent business men of Oakland and men who have had the progress of the city at heart have been preparing for the organization of a real commercial club, a club that would not in any way interfere with or curtail the activities of other organizations, but one which would be an active force of a different kind from those already in existence. No criticism was made of the organizations that have worked for present achievement, but it was decided by the business men who backed the project, that if Oakland was to take her place in the forefront of progress some organization that would bring the live minds and active units in the commercial life of the city into daily converse, that would force them to talk over the needs and possibilities of the city, was essential to Oakland's progress.

The proposed commercial club was eagerly discussed. Men who had taken only a cursory interest in the affairs of several of the other organizations, but who had the interests of the city at heart, hastened to enroll themselves under the "Live Oak" banner. The project progressed. Jules Abrahamson, Frank J. Woodward, directors of the Chamber of Commerce, members prominent in the progress and prosperity committee, the manufacturers' committee, the Rotary Club, the Merchants' Exchange, the Real Estate Association and other organizations interested themselves in the plan and pledged their loyal support if the club could be launched.

IS FITTING OCCASION.
The big housewarming last night was considered the fitting occasion for the birth of the new club. The announcement of the launching of the "Live Oaks," Oakland's commercial club, came as the climax of a tri-

Stolen Postage Stamps Sold Through Brokers; Great Swindle Unearthed

Confessions of Men Concerned Show That Practice Has Wide Scope

WASHINGTON, Jan. 23.—Enormous frauds against the government through the illegal trafficking in stolen postage stamps have been discovered by postoffice inspectors. Reports received today by Postmaster-General Hitchcock show that the frauds have been conducted on so tremendous a scale that they involve at least \$2,000,000 annually.

Indictments already have been returned against stamp brokers in New York, Chicago and other large cities. Confessions received by the inspectors from some of the men they have investigated are said to indicate that the ramifications of the frauds extend throughout the country.

Work in Relays to Rescue Three Miners
Men Caught by Fall of Coal and Rock in Lehigh Colliery.

TAMAQUA, Pa., Jan. 23.—Volunteers are working in relays in the East Lehigh Colliery in an effort to rescue three miners who were buried late yesterday beneath a fall of coal and rock.

Several days may be required to reach the men. It is supposed the fall was caused by an explosion of gas.

LESLIE P. BLACKBURN, PIONEER, PASSES AWAY

Former Politician Dies After Illness of Several Months

After an illness of several months Leslie P. Blackburn, pioneer politician of this county and former United States marshal, died yesterday at Providence hospital. Blackburn had been suffering for some time from a complication of diseases, and had been under the care of Dr. D. D. Crowley. The remains were removed to Taylor's undertaking parlors, where the funeral will be held.

Blackburn, who was 75 years of age, had been falling several years according to his medical attendants, and his death had been expected for the past few weeks. He leaves no children. His wife died several years ago. His only surviving relative is a sister, Mrs. Emily Dumont, of New York.

Blackburn was at one time United States marshal and came to Oakland years ago. He was a close friend of former Assessor Henry P. Dalton, until the sensational break between them shortly before the arrest of the latter, while he was running for office, when Blackburn withdrew his support from the official and charged him with grafting. Blackburn's attack was the first gun in the battle which later resulted in Dalton's being caught in possession of Spring Valley money, and sent to San Quentin.

At the time of the break Blackburn caused a grand jury investigation of Dalton's office, and declared that he would see the man behind bars before he told all he knew of affairs in the office. Before coming to Oakland he was a frontiersman and government ranger.

Fisher Attacked in Address by Borah
Secretary of Interior Knows Nothing of Job, Says Senator.

BOISE, Idaho, Jan. 23.—Secretary of the Interior Fisher was attacked by Senator William E. Borah in a speech before the Idaho legislature yesterday. Senator Borah said that Secretary Fisher knew nothing about the condition of the West except what he had seen from the window of a Pullman.

"After my experience with the bureau in Washington in the last six months I am firmly in favor of the recall of the secretary of the interior," said Senator Borah.

Senator Borah also said that Secretary Fisher had undertaken to annul a law of Congress and had usurped the powers that did not belong to him.

Rev. Father McNally Has Restful Night
Latest bulletins from the bedside of Rev. Father J. R. McNally, pastor of St. Patrick's church, announce that the veteran priest enjoyed a very favorable night last evening and his condition was much improved this morning. Dr. J. M. Kane and Dr. O. D. Hamlin are his attending physicians.

PROMINENT MEN HELD FOR DISASTROUS FIRE

One of Three Accused of Arson Swears the Others Hired Him to Start Blaze Because of Realty Deal

GLOBE, Ariz., Jan. 23.—Martin Despot, Samuel Wuylich and Mike Medigovich, the first two prominent business men of Miami, the concentrator town six miles from here, were arrested yesterday on warrants charging them with arson. They are alleged to have started a fire more than two years ago which nearly destroyed the entire town. Medigovich gave the authorities a signed statement in which he swore that he had been hired to start the fire.

The revelation, according to the county authorities, was the outcome of a real estate deal in which Despot and Wuylich outbid Mike Price, another business man, and Price, to get even with them, called upon Sheriff Haynes and District Attorney Johnson.

After Medigovich had made the alleged confession J. N. Cort made a statement to the authorities that when he attempted to put out the fire soon after the blaze was discovered Despot drove him away at the point of a revolver.

Despot and Wuylich strongly protested that they were innocent, maintaining that Price's pique over the result of the real estate deal had caused him to fabricate the story.

Johnson Gets New Bond; Faces Smuggling Charge
Mother of Pugilist Is One of His Sureties to Guarantee Appearance.

CHICAGO, Jan. 23.—Jack Johnson furnished yesterday a new bond of \$5000 with Matthew Baldwin, a real estate dealer, and Mrs. Tiny Johnson, the big black pugilist's mother, as sureties, to guarantee his appearance to face a United States charge of smuggling a diamond necklace into this country from England. Johnson was surrendered on his bond several weeks ago when he was arrested in Battle Creek, Mich., on his way to Canada.

PHYSICIAN LANDS IN PRISON

Alleged Obscene Letter Leads to Arrest by the Postal Authorities

Prisoner Wails in Cell and Declares He Will End His Life

SAN FRANCISCO, Jan. 23.—Caught in a trap of his own making, Dr. S. Weiss, a well-known physician and surgeon of 1848 Buchanan street, formerly attached to the German hospital, and a brother of Attorney William G. Weiss, was arrested early this morning for sending a "mash note" to Miss Elizabeth Mayne, the beautiful prima donna of the "Surf Bathers," a musical comedy headliner at a local theater.

The young woman, whose nervousness almost prevented her going through with her part last night, acted a drama in real life in order to aid the detectives and postoffice authorities and brought about the capture of the man who is now at the city prison under a special guard because of the fear that he will succeed in his threats to kill himself.

CHARGE OBSCENITY.

Had the mash note been of the usual order received by actresses the country over, Dr. Weiss would not now be in disgrace and in the prison cell. It was, however, the police charge, of obscene character. Miss Mayne faintly when she had read the last of the missive and was under a doctor's care for a day. She was on the verge of collapse, as she went through her act last night but when the crucial moment came and she was approached by her admirer in the darkest section of a quiet street, she displayed unusual bravery and aided the officers in detaining the physician who attempted to kill himself with an automatic revolver.

GUARDED BY OFFICER.

The arrest occurred on Haight street between Scott and Pierce streets. Dr. Weiss had gone, guarded by Postoffice Inspector James O'Connell and Detective Sergeant Thomas Conlan, who had arranged with her to carry out the instructions given by Dr. Weiss.

After the letter was received it was decided to follow instructions, and yesterday morning, in response to Dr. Weiss' request, she inserted in the personal column of a morning paper the sign agreed upon.

BRINGS QUICK RESPONSE.

This soon brought a response, and at yesterday's matinee a messenger-boy arrived with a note, carefully worded, asking that she meet him at midnight at Haight and Scott streets. She was to carry a newspaper, so that no mistake would be made. Through out the performance at the theater she was nervous. She could not think. Her eyes were glued in front of her, for some possible danger. Detective Conlan, eager-eyed, watched from a

Governor Refuses to Let Son Fight; Opposes Boxing

SAN FRANCISCO, Jan. 23.—Because Governor Johnson is opposed to boxing and because young Johnson could not make the weight called for there will be no bout tomorrow night at the Olympic club between Archie Johnson and Ernie Clark, of Los Angeles, who he was to meet for six rounds. Johnson had trained faithfully for the bout when his father read of it in the newspapers, and gave orders that it be called off.

When young Johnson weighed in today at the Olympic club the beam balanced at 148 pounds, 3 pounds over the welterweight limit and the bout was called off.

"It probably is true that Governor Johnson disapproved of the match," said President William Humphreys of the club, "but I am sure that his private opinion of individual members of the club or to his son was no concern of ours, as long as the son was willing to go on; and he was more than willing, he was anxious to go on."

"Governor Johnson never communicated with the directors either directly or indirectly and unless he had done so, we could not have undertaken to attribute to him desires which he had not expressed to us."

Oaklander Made Trustee Of State Mining Board

SACRAMENTO, Jan. 23.—John G. Fletcher of Oakland was appointed by Governor Johnson today as a member of the board of trustees of the State Mining Bureau, succeeding A. H. Ward, whose term expired in December, 1911. Ward has been holding office pending the appointment of his successor. He was chairman of the board and in the recent controversy between W. H. Storms, the former state mineralogist, and the Board of Control, Ward championed the cause of Storms.

Building Trades to Prevent Members Bearing Arms

LOS ANGELES, Jan. 23.—A resolution forbidding any member of any organization affiliated with the State Building Trades Council of California from enlisting in the United States army or navy or the state militia was introduced at the convention of the State Labor Board here today by S. W. Sullivan, a delegate from San Francisco. Sullivan said his resolution was offered in the interests of humanity and that it was in line with another resolution which would probably be introduced and which would be designed to place the council officially on record against capital punishment. Sullivan argued that if capital punishment was against hu-

box to see that nothing wrong occurred. The performance over, Inspector O'Connell took a car and rode to Scott street. Conlon waited until Miss Mayne had put on street attire and boarded the same car with her. She was to carry the paper, and read it all the way out. In order that her correspondent, Dr. Wolsky, might see the paper, Conlon left the car at Pierce street, walking toward Scott, and Miss Mayne bravely alighted at the corner arranged for. As she walked eastward another woman, carrying a paper, passed her. Dr. Wolsky approached the latter. He quickly realized he had made a mistake and came up to Miss Mayne. "Are you T. X?" she inquired.

ANSWERS TO "T. X." "Yes," was the reply. "Hello, Bess, how are you where you go?" "I don't know much about San Francisco, suppose you lead the way," she said.

Dr. Wolsky took her arm, and started toward Pierce street. A few seconds later, when they were in the open, he grasped Conlon, but managed to draw his automatic. O'Connell sprang upon him from the rear and Miss Mayne aided in disarming him. "It's the police! I'll kill myself," he yelled, but was quickly hustled along.

"I wasn't frightened until it was all over," said Miss Mayne this morning, when seen in her apartment at the Hotel Earl. "Conlon seemed so big as he approached. I'd have to have him after me once, but I think that man deserved it. I was frightened to death after getting the letter. I felt if I didn't tell the authorities he would shoot me. He carried a gun, proves that he might have done it. I never saw him in my life. I don't know anything about him, but I thought that I wouldn't feel easy until he was caught. I feel better this morning and I think I'll be able to go on with my performances today without difficulty. I am from Philadelphia, and I like to be quiet. That is why I always choose a remote hotel."

Miss Mayne is a brunette with dark flashing eyes and beautifully curved lips. She appears scarcely out of her teens and believes the statement that this is her fourth trip to the coast.

DOCTOR IN DESPAIR. "Nothing like that ever happened to me before," she said in confusion. "It was certainly a terrifying experience. But that note, that awful note! I didn't believe anyone could sink low enough to write such a document."

At the city prison Dr. Wolsky was a picture of despair. He moaned, mumbled, shook as with the ague, and protested that this publicity given to his situation it would bring his mother and father to the brink of the grave.

IN LOVE WITH PICTURE. "I never saw this young woman in my life," he yelled with his hands over his face. "I merely fell in love with her picture. I thought if she looked like that she must be wonderful. It was all like a dream. I can't explain it. I can't explain it. I could have known better. Don't ask me what I wrote. I don't know. I'll kill myself, that is what I'll do. I would rather be dead. If you won't think of me, spare my dying mother and my poor old father. This will kill them both."

Dr. Wolsky's parents live at Ingleside. He is 27 years old and seems sane and rational.

The charge against him is sending obscene matter through the mail and he will be arraigned tomorrow.

GELDER AFTER 'BUG' IN INSECTICIDE LAW

Bills Introduced During Day by Two Alameda Legislators

(Special Correspondence of THE TRIBUNE.)

SACRAMENTO, Jan. 23.—Assemblymen Gelder and Beck were the only members of the Alameda delegation who introduced bills in the Assembly yesterday. Beck introduced two measures affecting insurance companies, the principal one of which prohibits more than two insurance agencies for any one company—fire insurance—in any city of less than 100,000 population, and more than four agencies for the same company in any city of greater population than 100,000. The measures were introduced at the request of the Alameda county underwriters. Assemblyman Gelder has introduced a bill to change the "bug" out of the insecticide and fungicide law by exterminating a clause in the law, which works a hardship on druggists. So many trivial things are classed as insecticides in the law and require a license for their sale that druggists have been severely taxed in order to keep goods on hand to supply wants of customers and at the same time pay a license to keep these goods on hand.

Many druggists throughout the State have been compelled to give up the sale of moth balls, it is said, because they are placed on the insecticide list and subject to license. In many cases, it is said, the sale does not justify the cost of the license.

Senator Curtin referred to the persistence of the press, particularly the Progress, in charging that the taxation of the public the damaging news that there is a "deficit" in the State funds, and an "apparent deficit" for the coming year. He declared that he had been assailed by certain administration papers in the author of Amendment No. 1, and that he proposed to show how little truth there was in these statements.

BOYNTON DEFENDER. Senator A. E. Boynton of Butte took the floor in defense of the administration's attitude on the present taxation system. He charged that the provision to which the present tangle in taxation is due is a "fraud, delusion and a snare." Senator Cogswell of Los Angeles, who was chairman of the Ways and Means Committee at the last session of the Legislature, and is now a member of the subject, also replied to Senator Curtin, pointing out that at times figures may be very misleading. Senator T. W. Shanahan of Shasta was the only Democrat to enter into the controversy. He asked Senator Curtin to explain his statement that the counties which had lost by the change of taxation had been reimbursed by the State.

Although Senator Curtin had been given unrestricted privilege on the floor to express himself, Senator Wright rose at this juncture with the point of order that nothing was before the Senate. Apparently observing Senator Curtin's willingness to be questioned, he withdrew his objection.

Senator Curtin states that counties mentioned as being entitled to reimbursement had been paid in the aggregate \$880,000. Senator Shanahan then proceeded to show that his county had not been reimbursed for reimbursement. As a result had lost, in spite of an increase in the assessments, at least \$18,000. He declared that the actual difference to the disadvantage of his county was not less than \$30,000.

CALLS AMENDMENT "FRAUD." "I do not charge the members of the taxation and revenue committee with being party to it," said Senator Boynton. In making his reply to Senator Curtin, "But I do charge that Constitutional Amendment No. 1 is a fraud, a delusion and a snare."

Senator Boynton had been selected by former Lieutenant-Governor Porter to prepare an argument against the amendment and he went on to explain how he had not been notified that he had been appointed a member of the committee. The measure was voted upon by the people. He stated that he had at his own expense warned every newspaper in the State of the danger of the change, and had made copies of his protest to every library in an effort to work effectively in that way because it could not be done otherwise.

In closing his argument, he declared: "The Governor and the State Board of Control have no objection against the statements that have been made here. But it may be necessary to defend them against the vituperation of certain newspapers and politicians, who may attack them because of the good they have done and the bad they have done."

Senator Cammelt, minority leader in the Legislature, and Senator Newton W. Thompson, chairman of the Committee on Revenue and Taxation, which is now wrestling with the tax problems, announced at the close of the discussion that when the time came they would go into the taxation situation at length and promised some startling disclosures.

Chaplain's Prayer Is Classified as Lobbying

SACRAMENTO, Jan. 23.—Nothing has yet come before the forty-first legislature caused such a profound quiet in the assembly chamber as did the reading today of Assemblyman W. S. Killingsworth's resolution, introduced by the chaplain, Rev. Franklin K. Baker, not to refer to legislation before the house in his prayers. The resolution was tabled, 44 to 30.

Immediately after the reading of the resolution the chaplain moved its adoption and endeavored to explain his position in offering it, but a motion to table, offered by Assemblyman J. M. Inman of Sacramento, cut off debate, and the roll call on Inman's motion followed. Assemblyman W. S. Killingsworth, who introduced the resolution, declared that he was not a lobbyist, and that he was not a lobbyist, and that he was not a lobbyist.

SACRAMENTO, Jan. 23.—When Rev. Franklin K. Baker, chaplain of the assembly, included in his prayer yesterday a plea for the passage of a Sunday closing law, he brought forth from Assemblyman F. S. Killingsworth of Solano county a charge that such solicitations constituted lobbying.

A resolution asking the chaplain to refrain from such a course would be introduced in the assembly today, Killingsworth said.

Professional lobbyists received a blow when the assembly rules committee reported a resolution confining the activity of lobbyists to the "lobby" of the assembly chamber, and providing that persons attempting to influence legislators on the assembly floor should forfeit their right to lobby.

Senator Breed of Alameda questioned the figures presented by Scott and declared them to represent absolutely speculative values. Senator Breed, who is a realty operator, cites several specific instances in which the figures could be attacked. He stated that in some cases where the assessments had been made, they were based on land just being improved for subdivision purposes. Assessments were made while the street was being laid out, and the assessments were based on the value of the property when it was roughly developed. He also told of another case where a building in course of construction was assessed. At the time it was assessed its value represented \$200, but the figures taken by the Southern Pacific were based on what the building would be worth when finished, which was figured at \$800.

The hearing was closed this afternoon.

DISCRIMINATORY PRACTICE

The discriminatory practice bill designed by Assemblyman W. S. Benedict of Los Angeles, was considered by the assembly judiciary committee last night and was passed out without amendment with the recommendation it pass.

Assemblyman Nelson of Eureka proposed an amendment to include dairies, but it was agreed that another bill be introduced designed to include this class of industry omitted in the Benedict bill.

Three other bills were recommended favorably by the committee. They were Johnson, San Bernardino, making it a misdemeanor to drive an automobile recklessly; White, Trinity, relating to the clarification of title to mining property in administration of estates; Nelson, Eureka, relating to advertising legal notices.

A special committee, composed of Bennett, Walden and White, was selected from the judiciary committee to confer with Bloodgood and Chandler and Walden with a view of substituting a "blue sky" bill to take the place of those introduced by these three members.

LEGISLATIVE LITERATURE

A resolution was adopted providing for the mailing to public libraries, chambers of commerce and other places accessible to the public of the assembly daily Journal and a history of copies of all bills introduced.

Text Books Committee Recommends Reforms

SACRAMENTO, Jan. 23.—Public school teachers of the State are held guilty of venality or of only intentional susceptibility to influence from school book agents, it was said last night, by the report of the Senate hold-over committee on school text books, soon to be presented in the upper house.

On the other hand, the report, as outlined, is reported to affirm that all sorts of indirect influence have been used, that promotions were recommended, vacancies were filled and even stronger methods were used by various agents whose business it was to get as many of their books into the schools as possible. The report besides will indicate that they succeeded pretty well, and it may recommend that the State do away with royalties paid to book companies on copyrights which now are said to cost its taxpayers up toward \$50,000 annually.

The committee's trouble with the State Printing Office which led to the resignation of State Printer W. V. Shannon will be gone into at length with the possible recommendation that power to punish for contempt be definitely given Senate committees in the future.

It will recommend that the whole board of education be made over, to be made up of a number, possibly seven, appointed by the governor and serving without pay and without salaries commensurate with the State's educational system.

Contingent Expenses Measure Is Passed

SACRAMENTO, Jan. 23.—The bill for contingent expenses of the session, which usually is passed with a whoop, came up for consideration yesterday, and it itself the subject of grave discussion as to whether it required a majority or two-thirds vote for passage, and action was deferred until the judiciary committee could pass up on the question. Much of the session was taken up in a speech by Senator John B. Curtin of Sonoma on the workings of the state's taxation system.

Anti-Cigarette Law Is Sought

SACRAMENTO, Jan. 23.—Today was petition day in the assembly. A petition asking anti-cigarette legislation was introduced by Assemblyman F. C. Hinkle on behalf of his San Diego constituents. Assemblyman Victor J. Canepa of San Francisco presented a petition signed by San Francisco barbers asking that the Keating-Benedict Sunday rest bill be made to include their trade; petitions from Richmond district, San Francisco, improve-

"MY UNCLE" WANTS LONGER HOURS

Ordinance Is Introduced to Keep Pawn Shops Open From 7 to 7.

The ordinance permitting loan offices and pawn shops to remain open from 7 a. m. until 7 p. m. instead of 6 p. m., which has been requested by Louis Bernstein and other pawnbrokers of Oakland, was introduced by Commissioner F. C. Turner at the meeting of the city council this morning. The new ordinance allows the loan offices to keep open to 11 p. m. Saturday nights and nights before holidays. The present ordinance, which closes the loan offices at 6 in the evening, has worked considerable hardship.

On the recommendation of Commissioner F. C. Turner and H. S. Anderson the appropriation for the police academy was raised from \$2000 to \$4268 to permit awarding the contract for the construction of the building to Tieslau Brothers, the lowest bidder on the work. The contract was let.

Representatives of Kahn Bros. appeared before the council this morning in behalf of a grocery firm which proposes to lease in the Kahn arcade. It is proposed to sell liquor in the grocery department at wholesale, but the present city ordinance provides that where liquor is sold the store shall have a separate entrance. As it is planned for the Kahn arcade, it is desired that this provision of the ordinance should be amended. The matter was referred to City Attorney Ben F. Woolner, and it is possible that a change will be made, placing this matter within the discretion of the council.

TELLS OF BUYING ARCHBOLD LETTERS

Former Editor of N. Y. American Witness Before Investigating Committee.

WASHINGTON, Jan. 23.—Charles F. J. Mooney, editor of the Memphis Commercial-Appeal, and formerly managing editor of the New York American, told the senate campaign fund investigating committee today about securing copies of some of the Standard Oil letters published by William R. Hearst.

Mooney testified he negotiated for copies of only a few of the Archbold letters, that they were brought to the American offices by a white man, whose name he did not know, and that he paid less than \$500.

BARROWS WILL GIVE LECTURE

College Professor to Tell of Experiences in Philippine Islands.

An illustrated lecture on "The People of the Philippines" will be given by Professor David P. Barrows at the School for the Deaf and Blind, on Sunday evening, January 26, at 7:30 o'clock.

Dr. Barrows, professor of economics in the State University, was formerly General Superintendent of Public Instruction in the Philippines. He was appointed in 1903 by President Roosevelt to organize and extend the educational system in the islands.

Professor Barrows labored assiduously in the Philippines for seven years. Under his administration the work of education was extended to include the most savage tribes. Great personal courage, as well as exceptional ability, were requisite to succeed as he did in the fulfillment of this difficult and dangerous task.

His close personal contact with all the native peoples of the Philippine Islands, and the exhaustive data which he gathered there, make Dr. Barrows the foremost American authority on the Philippines. The teachers and pupils of the school look forward to the lecture with much interest. It will be interpreted into the sign language by L. E. Milligan, principal of the State Institution, Professor David P. Barrows is a director of the deaf and blind institution, and takes a deep interest in the work of the school. The public is also invited.

missive. The Italian quarters are being closely watched.

Tosca refuses to talk on the subject. He could give no motive as to why he should be selected by the black-handers. He has no enemies among his countrymen, and thinks it is an attempt to extort money from him without personal animosity of any kind. The Tosca family have taken measures to prevent surprise, and the emissary sent by the gang to collect the \$500 will meet with a hot reception, both at the hands of the police and the members of the family.

PREVIOUS ATTEMPT.

This is the second attempt made by the black-hand within two months to extort money by threats of death from Italian families in this neighborhood.

The brothers Delfaro of Fifty-second avenue received a note in Italian which threatened "death to the devils Delfaro" unless they left \$1000 at an appointed spot in a vacant lot. Acting on the advice of the police, the Delfaros appeared at the appointed place, but in the role of decoys, for the spot chosen by the black-handers was surrounded by officers lying in wait. The gang must have received warning of the presence of the police, for they failed to put in an appearance in quest of the \$1000.

SHOTS FIRED.

About a fortnight after this the Delfaros' house was visited by a man, supposed to be one of the black-handers. He was disturbed in the act of breaking into the house in the night, and before beating a retreat, fired three shots at the window, two of which were found next morning embedded in the window sill. The vigilance of the police in this case prevented any further demonstration by the black-hand in this case.

It is thought that the same gang that attempted to victimize the Delfaros is at work against the Toscas.

Clerks Have Strong Hands, Tests Show

Exert More Force Than Quarry Laborers, Is Expert's Report.

WASHINGTON, Jan. 23.—Government clerks whose physical acts consist mainly in driving a pen or pounding a typewriting machine have more powerful grips than the brawny workers in stone quarries, according to a series of tests made by Gordon Law, physical director of the Y. M. C. A., the results of which were made public today.

Mr. Law found that the average laboring man's grip was 99.9 pounds, while the average clerk's white and well-kempt hand gripped 111.3 pounds. The physical director offered no explanation of the difference between the two classes of men.

Obstacles to Chinese Loan Are Removed

Interest Will Be at Rate of Five Per Cent, Says London Paper.

LONDON, Jan. 23.—The six-power loan to China, according to the Daily Telegraph, will bear 5 per cent interest, China having refused pointblank the demand for 5 1/2 per cent. The loan will be contracted at 87 and issued at 93.

A Peking dispatch to the Times confirms the report that the difficulties arising between the six-power group and China over the \$125,000,000 loan have been overcome and there remains only the settlement with the six legations concerning the foreign advisers.

SHERIFF EGGERS SUED FOR \$50,000

Attorney for Continental Loan Seeks Heavy Damages.

(Continued From Page 1.)

sue, with a \$50,000 damage suit filed against Sheriff Fred Eggert and with Attorney Gavin McNab making an effort to learn the identity of the bondsmen of George Walker, state building and loan commissioner, a lively situation was developed this morning.

The first move was made by McNab, who placed on file his action against the sheriff for damages in behalf of the corporation, making the Pacific Coast Casualty Company, the sheriff's bondsmen, a party to the suit. The second move was made by Frank Brandon, the custodian of the Continental, who took forcible possession last night and who remained in charge with guards behind a barred door this morning. Brandon telephoned McNab asking him to send over a combination of the vault and informing the attorney that he had a locksmith there.

"I will render you no assistance," replied McNab. "I will render no assistance to housebreakers, safecrackers or lawbreakers. Sheriff Eggert can probably supply you with some crackmen that he has locked up in his county jail."

HAS DESIGNS ON SAFE.

Brandon immediately began steps to open the safe in order that he might gain possession of the books of the corporation. When McNab was interviewed he detailed his reply to the sheriff's demand for the combination, and disclosed his plans and attitude in connection with Continental affairs.

"The matter is all before Superior Judge Seawell and is to come up next Tuesday," he explained. "Sheriff Eggert is a sworn officer of that court and he had no right to deliberately enter our premises when the right of possession of Commissioner Walker is one of the matters that Judge Seawell is to decide. We have brought suit against the sheriff and his bondsmen and I have written to Controller Nye to learn the identity of Walker's bondsmen in order that we may bring immediately a suit against them. We are waiting to see what will happen. They have taken forcible possession in violation of the law and they must take the consequences."

A small crowd was seen about the offices of the corporation at Market, Taylor and Golden Gate avenue this morning. The doors were closed and the sheriff would admit no one. The locksmith was inside working on the safe.

Yesterday, by force of deputy sheriffs and with the aid of a written opinion by Assistant Attorney General Harrison Walker, the doors of the safe were opened and two armed guards to flight and ejected everybody.

COMPLAIN TOURISTS ARE NOT GIVEN STAY IN BAY CITIES

Various industrial and commercial interests in Oakland and San Francisco are quietly combining to secure from the railroad companies more consideration for this section of the state in their handling of the tourist trade.

Investigation has developed that practically no effort is made by any of the railroads to hold their excursionists even a day in this great metropolitan section. The following instances are cited:

On January 10 a special train reached San Francisco at 10 a. m., carrying over 200 passengers from British Columbia. This special train left San Francisco the same evening for points south, meaning that a portion of but one day was allotted for this section.

Again, on January 17, a second special train reached San Francisco in the afternoon at about 2 o'clock with a large list of passengers from Spokane, Wash., and as was the case with the excursion from British Columbia, the special left the same evening for the south.

This same itinerary will apply in the case of another excursion from Puget Sound, which will reach San Francisco on January 24.

San Francisco interests feel that they have been very much overlooked in not being allotted more time by the various railroads to arrange such a short stay in their city, and active steps are now contemplated to bring such pressure to bear as will mean more liberal consideration.

Oakland is not given the slightest consideration so far as these excursions are concerned, unless, of course, the stop of two or three minutes at the first street depot is to be considered as a visit to this city, and, as in the case with San Francisco, steps are to be taken which will express dissatisfaction of this lack of consideration of Oakland interests.

Two Die in Farmhouse Fire; Two Fatally Burned

CLEVELAND, Jan. 23.—Two people were burned to death, two fatally burned and one suffered severe injuries in a farmhouse fire which broke out here early last night. The dead are Curtis Shafer, 32, and his daughter Effie, 14. Mrs. Shafer, 33, and another daughter, Evelyn, 12, are believed to be fatally injured. A son, William, 10, was painfully hurt, but will recover. The boy cannot explain the cause of the fire. He was awakened by the flames and barely succeeded in effecting his escape.

'Don't Pick Up Baby When It Cries,' Advises Specialist

CHICAGO, Jan. 23.—Dr. Stewart Patton, specialist in mental hygiene at Princeton University, warned against picking up the baby when it cries. In an address here last night before the mental hygiene conference, he said: "The next step in development is a nervous child. When about 14 years old strange impulses come into its mind—the more nervous it is the stronger the impulses."

The address was given to show that Chicago needs a psychopathic hospital.

Youth, With Gun, Severely Injured Under an Agreement

SAN LEANDRO, Jan. 23.—Lester Stokes, the fifteen-year-old son of F. C. Stokes of Stokes avenue, had part of his hand blown off this afternoon when a loaded shotgun which he carried accidentally exploded. Several fingers will probably be amputated. Lester was carried in an automobile to the office of Dr. C. S. Miller where his hand received attention.

MOVEMENT TO RECALL POLICE JUDGE GROWS

SAN FRANCISCO, Jan. 23.—Every day those who are demanding the recall of Police Judge Weller appear to be having their forces strengthened and already there is a large working organization. On the other hand the friends of the jurist are rallying to his support and the assertion is being made that he is the victim selected in a campaign to begin the reform of the police court.

A mass meeting was held today in the Phelan building and was addressed by several prominent workers and the signatures to the recall petition are said to have reached 10,000.

MEN IN PERIL ON BIG ICE FLOE

Half of Male Portion of Town in Danger on Lake

LITTLE STURGEON, Wis., Jan. 23.—Frenziedly battling for life on slippery ice floes, more than half the male population of this town was imperiled last night when a great floe on which the men were fishing broke and was washed away, finally landing two of the men on an island 11 miles away in Lake Michigan.

Some of the men were rescued in small boats when the big ice floe cracked, and some swam to shore, suffering terribly from the cold. Two remained on the floe all night, burning their nets to keep from freezing. They landed at Pilot Island, 11 miles away, stiff with cold. Boats picked them up and brought them back today.

German Army Flyer Killed; Pilot Will Die

Another Fatality Marks Military Maneuvers in Progress at Berlin.

BERLIN, Jan. 23.—Another fatal flying accident occurred today during the military maneuvers near Burg. Lieutenant Otto Schlegel, was instantly killed by falling to earth from a considerable height when his biplane collapsed on a sharp curve. His pilot, Lieutenant A. Von Scheele, was fatally injured.

TURKISH CABINET HAS RESIGNED

Hostilities Cease and Turkish Garrisons Will Withdraw.

CONSTANTINOPLE, Jan. 23.—The Turkish Cabinet resigned today in consequence of public demonstrations and protests against its action in according to the wishes of the European powers. Mahmud Shukri Pasha, formerly war minister, has been appointed Grand Vizier in place of Kiamil Pasha.

Pasha Bey has been appointed minister of the interior, a position he held in a previous cabinet. In a statement after his appointment he said:

"The change in the cabinet means that we are going to save the national honor or perish in the attempt."

"We do not want a continuation of the war but we are determined to keep Adrianople at all costs. That is an indispensable condition of peace."

TROOPS TO WITHDRAW.

LONDON, Jan. 23.—The immediate consequences of the decision of the Turkish Grand Council to conclude peace with the Balkan allies will be the cessation of hostilities between Greece and Turkey and the surrender of the Turkish fortresses of Adrianople, Janina and Scutari. At the same time the Turkish garrisons will withdraw with the honors of war.

Difficulties may arise concerning the fate of Scutari, as no one knows to whom it is to be surrendered, whether to the Montenegrins, to a provisional Albanian government or to the representatives of the powers. King Nicholas of Montenegro insists that he must enter Scutari at the head of his troops. Otherwise he says the reign of his family in Montenegro is doomed as he, contrary to the advice of his generals, refused to try to take Scutari by storm at the beginning of the war in order to avoid the certain heavy losses which his small army would have suffered. He preferred the temporizing policy of laying siege to the fortress and should Scutari fall the reason he lost to the Montenegrins, he alone will be considered responsible.

EXPECT SUPPORT OF POWERS.

The members of the Turkish peace delegation in London show signs of depression but they are determined that the era of concessions must now be regarded as finally closed.

They say they are convinced that the powers will support them in rejecting the demands of the allies for a war indemnity. All fears of a resumption of the war having been removed the allies are now planning the withdrawal of large bodies of troops at an early date. The delegates in London, however, think that a month may pass before the final signatures are put to the peace treaty as the settlement of exact frontiers, the questions of indemnity and the guarantees in regard to the mosques and sacred places of Adrianople still have to be arranged.

Dr. Danell, head of the Bulgarian delegation, expressed satisfaction when congratulated upon the probable peace settlement, but he was of the opinion that the negotiations would drag along for several weeks.

GREEKS HOPE FOR GENEROSITY.

Premier Venizelos of Greece said that he expected the decision, as Turkey had no other reasonable alternative. He said:

"I cannot believe that the powers will complete their work without showing themselves generous toward Greece, as they have been towards Bulgaria in the matter of the Balkan treaty by permitting us to keep those islands which were conquered by Hellenic blood and annex the others, provisionally occupied by Italy, for military reasons," Premier Giolitti officially proclaimed.

TROOPS DEMOBILIZE.

BUDA PEST, Jan. 23.—The demobilization of the Austro-Hungarian troops called to the colors in connection with the Balkan crisis, began today.

THEATER PARTY TO START MOVEMENT SPRING VALLEY REFUSES OFFER

Native Sons Plan Big Affair at the Pantages Next Month. If Company Holds to Original Demand Condemnation Proceedings Certain.

A theater party which will formally announce the opening of the campaign to secure for Oakland the Native Sons of the Golden West Admission Day celebration is to be held at Pantages Theater on February 12. The regular prices are to prevail for the evening, and with a big brass band to furnish accompaniment to the noise of the boosters of the plan a campaign will be commenced that will not be ceased for a moment until the 10th of September has passed and this city had one of the greatest fetes that has ever been undertaken by the natives of California.

San Francisco staged the annual observance in 1910, Santa Rosa the following year, and last year it was Stockton's turn. The Native Sons of Oakland are determined to bring the celebration home this year and expect to go before the grand parlor, which meets in Orville in April with a strong bid.

The committee in charge is Mr. B. Morrison, chairman; H. P. Vogt and R. E. Reeves.

Yesterdays the committee of the Spring Valley refused this offer holding out for their original demand which is an increase of approximately \$500,000. The mayor in speaking of the situation this morning said:

"I am in hopes that the stockholders will agree to meet us at the proposition and save the city from the terrible distress it is now in by reason of the water situation. Of course if the corporation will not agree and we are advised, the only thing left for us to do will be to bring condemnation proceedings."

CITIZENS AT BANQUET PLEDGE CIVIC LOYALTY

NEW ERA BEGINS WITH BIRTH OF 'LIVE OAKS'

Five Hundred Citizens Show Spirit of Progress at Banquet

umphant evening. Men rushed to enroll themselves as charter members of the commercial club.

The commercial club organized last night will have its headquarters in the Hotel Oakland. As soon as the enrollment of charter members is completed a gigantic luncheon will be held and from that time onward the members will meet daily at luncheon at the Hotel Oakland.

The commercial club luncheon every day will be the storm center of things commercially progressive. Every phase of civic and commercial life will be discussed and threshed out in this grand open forum of the city of Oakland. Men of various businesses and professions, of diverse walks in life, will meet here on common ground and all will work for the benefit of the city of Oakland.

The club will be the guest place for all visitors to the city. Members will be expected to bring friends from other cities to the Live Oaks daily luncheon. Impromptu speeches and debates and open discussions will be the order of the day.

RICHARDSON STARTS BALL

Tom Richardson of the Portland Commercial Club, one of the most successful and enthusiastic organizers of the kind in the United States, opened the chorus of enthusiasm for the launching of the new club last night. He told of what the Portland club had done for that city, of the enthusiasm of its members and of the benefits that had accrued to the city and the state and to each individual member as well.

Richardson, while paying his tribute of praise to the splendid citizenry of Oakland, pointed to the fact that Oakland has no transient trade, that for a city of its size it had the smallest transient trade of any community in the land.

"The building of this great hostelry is the first step ever here toward gaining the interest and drawing the attention of the stranger who would be here for but a short time while doing business. But you need this transient trade, and without it you are nowhere," declared Richardson.

ENTERPRISE NECESSARY

"You can't bring this about merely by having a grand harbor, or a wonderful city hall. Oakland wants enterprise, wants the gathering of brains and enthusiasm, and wants them to meet and clash and work together every day.

This is a glorious gathering tonight. But you've got to have something like this every day, if you're going to offer Portland the rivalry she ought to have and if you're going to take your place among the cities of the west."

Toastmaster Gibson then introduced Frank J. Woodward, one of the hard workers for the Commercial Club. Woodward told of the aims and purposes of the organization, told of the fight that had been made to interest members of the gaining of 138 mem-

bers before the banquet opened last night, and of the plan to launch the good ship of "Live Oaks."

"I will call upon members of the leading organizations represented here to tell whether they want a Commercial Club, and whether they are ready to get behind it."

ENTHUSIASM RUNS RIOT

Enthusiasm ran riot back and forth across the great banquet hall ran the shout of loyalty. Organization answered organization in pledging fealty to the newborn king of commercial organizations.

The scene was like a re-echo of an olden time, when tribes of warriors assembled under some great oak to listen to a proposal from their great chieftain. The old warriors stood critical and ready to find fault, or to follow heroically if the plan was good. The chief told his plans, and submitted it to the suffrage of the fighters.

"We are with you" came the shout from a corner of the banquet hall.

"We are with you" came the answering shout from another group of tribesmen.

The cry became general, and was raised as all joined in pledging their fealty to the cause.

The organizations took up the shout in the banquet room last night.

"How about the manufacturers?" questioned Woodward.

"They can speak for themselves," answered John W. Phillips. "Give the answer, men."

"We are back of the Commercial Club," shouted the men at the long table set aside for the manufacturers.

"How about the merchants?" queried Woodward.

"We are with you," answered the merchants in a short speech. He said:

"You must realize here in this city of Oakland that we can never become metropolitan unless we first have a home where the business men can get together. What can our opportunity bring unless something comes out of it? We should have a home where all business men can go and over the door should be the letters 'welcome.' The young men would be able to get together and for the good of all."

"I shall sign as a member tonight, and you can count upon me for any assistance in the future of such an organization."

E. E. Perkins of the Rotary club gave the pledge for that organization.

M. J. Layman spoke for the realty men, telling of the need of a commercial club, and of the enthusiasm of the realty men for the project.

J. J. W. Eichen gave the Live Oaks the backing of the bankers.

Charles E. Gorman called upon the members of the Progress and Prosperity committee to tell their will, and set a shout in return that reverberated through the hall. A. A. Denison spoke for the Chamber of Commerce, among others.

The dramatic section of the Young Ladies' Institute will present a three-act drama entitled "Rebecca's Triumph" next Monday evening in Ebell Hall, Fifteenth and Harrison streets. The cast which is composed entirely of women, has been rehearsing for a number of weeks and a letter perfect performance is expected.

The story of the play is based upon the triumph of Rebecca, the adopted daughter of Mrs. Rokman, a wealthy widow, who lives alone in a little village.

A wanderer appears. She is called Crazy May, and is taken in by Mrs. Rokman's neighbor in whom she confides, that she is the latter's long lost sister and that Rebecca is her child. The tale is proved. The sister is reinstated and Rebecca goes to her mother.

The program is being arranged by a committee, which includes Miss Lillian Treacy, Miss Mary Kelly, Mollie Myers and Miss Florence Allen. The characters are as follows:

Mrs. Rokman.....Miss Mary Kelly
Rebecca.....Miss Eleanor Coates
Crazy May.....Miss Verli Kenney
Charles Goodman, a suitor.....Miss Anna May

Chorus under direction of Professor A. J. Sandy.

ALAMEDA IMPROVERS WILL SEAT OFFICERS

ALAMEDA, Jan. 23.—Officers of the Alameda County Improvement Club will be installed this evening at a smoker to be given by that organization in the clubrooms, 1533 Webster street. Frank Gals is the North Side Improvement Club will be the installing officer. The members of the fraternity have been bidden to attend the function.

Animals Think It's Spring; Keeper Busy Breaking up Nests

Balmy Weather Causes Much Trouble in New York Zoo These Days.

NEW YORK, Jan. 23.—Although it is not spring, "when fancy lightly turns to thoughts of love," Keeper Snyder of the Central Park menagerie is being kept busy because the animals in his charge think it is. As an evidence of their belief, because of the balmy weather, there is billing and cooing in the aviary; beating in the sheep fold and fighting in the deer and bison inclosures.

The swans and the Japanese geese are making nests and the stork is hovering over the sheep. All day yesterday Snyder was either making peace in the inclosure of the four-footed animals or endeavoring to discover the nests of his feathered charges so that he could break them up.

Rebecca's Triumph TO BE PRESENTED AS INSTITUTE PLAY

WASHINGTON, Jan. 23.—Although Senators Perkins and Weeks have joined in recommending F. S. Stratton of San Francisco for reappointment as collector of the port and his name will shortly be sent to the Senate by President Taft, the nomination is faced to join the long list of Republicans whom the Democrats refuse to confirm.

About 1500 Taft appointments are now awaiting confirmation, with the outlook growing more and more gloomy. The deadlock continues, with no outlook for a break before the coming of the Wilson administration. Senator Perkins concludes that there is little chance that any of the Taft appointments will be approved.

Collector Stratton's term will expire in February. In addition, the expired term of W. C. Ralston, subtreasurer, will revert to the new administration, together with about 50 California presidential postoffices.

'Breaks Into' White House Receptions

Washington Woman Confesses Sailing Under False Colors.

WASHINGTON, Jan. 23.—When Secretary Charles D. Hilles opened the White House mail today he gasped with astonishment on reading a frank and free confession from a Washington woman that she had "broken into" the White House receptions for years under false colors. Hilles would not disclose the identity of the writer, whose ingenueness he acknowledged commanded his admiration.

WASHINGTON, Jan. 23.—The United Farmers of America are opposed to war and Canada's naval policies. They would have Canada lead the world in the international disarmament movement, and so declared in an anti-naval resolution which was adopted yesterday. In all the 600 delegates there were but 12 dissenting votes.

RAGS START FIRE

ALAMEDA, Jan. 23.—Fire at 6.25 o'clock last night did slight damage to a house at 2811 Van Buren street. Smoldering rags in the chimney were found by the firemen. The house is owned by the Derby estate and was vacant until a few days ago when it was occupied by a tenant.

Contest Is Filed Against Land Will

Protest Comes Fifteen Minutes Before Time Limit Runs Out.

SACRAMENTO, Jan. 23.—Just fifteen minutes before the time limit expired a contest was filed yesterday against the distribution of the estate of former Mayor William Land, millionaire hotel man and pioneer, who left \$250,000 to the city of Sacramento for a memorial park and \$400,000 more for the indigent poor of the city.

TALKS OF PENSION BILL

BERKELEY, Jan. 23.—Miss Beale J. Wood, president of the Child's Welfare League of Alameda County, addressed the Berkeley center of the California Civic League this afternoon at a Unity hall. Her subject was the mothers' pension bill. Business matters were also considered by the members of the center.

'MONOPOLY' GRIPS NORTHERN HARBOR

Legislator Wants Probe of Conditions in Seattle.

OLYMPIA, Wash., Jan. 23.—An attack on the alleged monopoly of harbor and wharf facilities in Seattle was begun in the lower house of the Washington legislature today by Representative Paul W. Houser of King county, who introduced a resolution asking a legislative investigation of the monopoly he charged was held "by the Northern Pacific railroad and allied interests."

Representative Houser spoke an hour and a half, exposing what he termed "the annual steal of not less than \$500,000 from the people of the state." He urged that the resolution was of such great importance that not an hour should be lost in providing for the investigation.

"Mr. Houser said the lands held by the railroads were worth \$100,000,000. The resolution was deferred to come up as special business today."

BANK GIVES AWAY ITS COIN.
NEW HAVEN, Conn., Jan. 23.—The directors of the Orange Bank at West New Haven announced yesterday that, beginning today every person born within the corporate limits of the town would be given a bank book with \$1 placed to his credit. Following the publication of this announcement the town authorities adopted as a slogan for the place: "The born in West Haven and start life right."

Women

Avoid

Operations

When a woman suffering from some form of feminine disorder is told that an operation is necessary, it of course frightens her.

The very thought of the hospital operating table and the surgeon's knife strikes terror to her heart, and no wonder. It is quite true that some of these troubles may reach a stage where an operation is the only resource, but thousands of women have avoided the necessity of an operation by taking Lydia E. Pinkham's Vegetable Compound. This fact is attested by the grateful letters they write to us after their health has been restored.

These Two Women Prove Our Claim.

Cary, Maine.—"I feel it a duty I owe to all suffering women to tell what Lydia E. Pinkham's Vegetable Compound did for me. One year ago I found myself a terrible sufferer. I had pains in both sides and such a soreness I could scarcely straighten up at times. My back ached, I had no appetite and was so nervous I could not sleep, then I would be so tired mornings that I could scarcely get around. It seemed almost impossible to move or do a bit of work and I thought I never would be any better until I submitted to an operation. I commenced taking Lydia E. Pinkham's Vegetable Compound and soon felt like a new woman. I had no pains, slept well, had good appetite and was fat and could do almost

all my own work for a family of four. I shall always feel that I owe my good health to your medicine."
—Mrs. HAYWARD SOVERE, Cary, Me.

Charlotte, N. C.—"I was in bad health for two years, with pains in both sides and was very nervous. If I even lifted a chair it would cause a hemorrhage. I had a growth which the doctor said was a tumor and I never would get well unless I had an operation. A friend advised me to take Lydia E. Pinkham's Vegetable Compound, and I gladly say that I am now enjoying fine health and am the mother of a nice baby girl. You can use this letter to help other suffering women."—Mrs. ROSE STARS, 16 WYONA ST., Charlotte, N. C.

Now answer this question if you can. Why should a woman submit to a surgical operation without first giving Lydia E. Pinkham's Vegetable Compound a trial? You know that it has saved many others—why should it fail in your case?

For 30 years Lydia E. Pinkham's Vegetable Compound has been the standard remedy for female ills. No one sick with woman's ailments does justice to herself if she does not try this famous medicine made from roots and herbs, it has restored so many suffering women to health.

Write to LYDIA E. PINKHAM MEDICINE CO. (CONFIDENTIAL) LYNN, MASS., for advice. Your letter will be opened, read and answered by a woman and held in strict confidence.

MAY ROBSON HERE, ETERNAL WALTZ COMING

PANTAGES HAS ROAD SHOW, COLUMBIA BUSY

HERE ARE PICTURES OF STAGE STARS WHO ARE PLAYING IN LOCAL THEATERS THIS WEEK AND WHO WILL BE HERE DURING THE NEXT SEVEN DAYS.

LOLA MERRILL ORPHEUM

MAY ROBSON is an actress of exceptional ability and in her new play, "A Night Out," of which she is co-author, she has every opportunity to develop that fund of clean-cut humor and that world of brilliant and thrilling pathos which has made her famous. She comes to the Macdonough tomorrow for two days. She will impersonate a young-old woman, broad-minded, free from affectation and possessing a keen sense of humor, nothing absurd or ridiculous escapes her attention, and being fond of excitement as a mild stimulant, she persuades her two grandsons whom she adores, into all sorts of extravagance, and a visit to a restaurant of shady character, for a dinner, is the climax of her adventure. Of course Granmam, as she is called by the family, is not aware of the character of the place, and complacently waits for a rather elaborate dinner. Presently, however, the police raid the restaurant and all is excitement with a nervous desire to be somewhere else in a hurry.

From this juncture the story moves rapidly, in which the love and devotion of the young people is sustained by the influence of the jolly, whole-souled Granmam.

"Broadway" Jones, which comes to the Macdonough next Monday for four days, has proven to be the biggest success New York has known in many years and to use a slang expression, Gen. M. Cohen's latest play is a complete knockout. It is the one play of the season to receive the universal press endorsements in New York and Adolph Klausner in the New York Times says "Broadway" Jones is "a veritable gem."

The cast includes John Webster, Ralph Morgan, George Schaefer, Caroline Lill, George C. Staley, Daniel Burns, Marie Taylor, Jack Pierce, Fred Maynard, Grace Morrissey, Edith Locket, George E. Henry, Dore Rodgers and Charles H. Henderson.

ORPHEUM
"The Eternal Waltz," which comes to the Oakland Orpheum next Sunday for an engagement of three weeks, is the production of the ideal in vaudeville. Written

LOUIS NORTH - PANTAGES

by Leo Fall, acknowledged king of the waltz composers of the most recent day, this place is considered the equal of any two-dollar production in quality of score, in excellence of the presenting company, in all save extent. It is the last word in vaudeville, yet it has seven big acts of good vaudeville to help fill out the allotted time of the regular performance.

Mabel Berra is the prima donna. She comes from London and is a reigning beauty as well as a talented singer and a clever actress. The first act, "The Girl in the Train," is a comedy, in which the extra musicians in the regular theater orchestra, are needed to present the piece. The orchestra is under the direction of Arthur Weid, who will be remembered as the director of the first "Floradora" company.

Leo Fall is known in this country as the composer of "The Dollar Princess," "The Girl in the Train" and "The Street," the last soon to be produced in New York. Long before he was known here his fame was established in Europe as a conductor and a composer. Although still less than 40 years old he is one of the most successful composers living.

PANTAGES

A diminutive, dark skinned lad in the act of the Six Castillans, a troupe of whirlwind twisters, on the boards at the Pantages this week, is showing something new in tumbling acrobatics. The stunts the Cubans go through are wonderful.

A playlet with a telling moral lesson is "The Devil, the Servant and the Man," which is presented by the Pantages. The cast includes the Pantages quartet, a duet by Reilly and Stech and the operatic selection, "Kismet," rendered by Mattie Townsend.

The "Second Nance Lee" is a rollicking comedy, in which the Pantages quartet, a duet by Reilly and Stech and the operatic selection, "Kismet," rendered by Mattie Townsend.

TAFT ADVOCATES CURRENCY LAWS

Renewed Life for Several Matters of Legislation Sought.

WASHINGTON, Jan. 23.—President Taft, in an address at the banquet of the National Chamber of Commerce here last night, urged that the organization use its influence among the commercial bodies of the country for renewed life for several matters of national legislation which he declared were the most important now before the people of the country.

The President asked especially for renewed and comprehensive currency legislation and support for the economy and efficiency of the commission in addition he urged that the organization take up the question of the extension of the civil service to all local appointive offices in the government service. He appealed also for increased efficiency for consular service.

The President, referring to the approaching end of his administration, said that more time was necessary in order that the guiding influences of an administration might be brought to a successful conclusion.

"I am no third termer," he said, "and I don't seem to be even a second termer, but there comes a time when a second term is necessary to the carrying out of the work that has been started by an administration that is about to be ended."

Currently, the President declared, as the most important subject before the country today in that it touched every individual citizen of the country from the richest to the poorest. The need for it, he asserted, should be brought home to Congress.

The lectures are being held at Carpenters' hall, Twelfth street and Fruitvale avenue.

HIGH PRICES PAID FOR WORKS OF ART

NEW YORK, Jan. 23.—Several new records of appreciation of American art were made at a public sale of paintings here last night. The highest price paid was \$15,500 for "Fanny Autumn," a golden and colorful landscape by J. M. W. Turner. This is the highest price ever recorded at a public sale for a canvas by an American artist.

YOUNG BARNESON FINED.

SAN MATEO, Jan. 23.—Charged with driving his high-power runabout at a speed of forty miles an hour over the roads of Hayward Park, Harold Barneson, high school student and son of Captain John Barneson, owner and shipping magnate and director of the Panama-Pacific Exposition, was arrested yesterday by Officer Maurice Sheehan and taken before Recorder C. W. Elving, who fined him \$10.

HEBREW COLLEGE HELPED.

Actress Tells Secret

A Well Known Actress Tells How She Darkened Her Gray Hair and Promoted Its Growth With a Simple Home Made Mixture.

Miss Blanche Ross, a well known actress who darkened her gray hair with a simple preparation which she mixed at home, in a recent interview at Chicago, Ill., made the following statement: "Any lady or gentleman can darken their gray hair and make it soft and glossy with this simple recipe, which they can mix at home. To a half pint of water add 1 oz. of bay rum, a small box of Barbo Compound and 1/4 oz. of glycerine. These ingredients can be bought at any drug store at very little cost. Apply to the hair twice a week until it becomes the required shade. This will make a gray haired person look 20 years younger. It is also fine to promote the growth of hair, relieve itching and scalp humors and is excellent for dandruff and falling hair."

FEEL BULLY! HEAD CLEAR, STOMACH SWEET, BOWELS RIGHT; 'CASCARETS'

You men and women who can't get feeling right—who have headache, coated tongue, foul taste and foul breath, dizziness, can't sleep, are nervous and upset, bothered with a sick, gassy, disordered stomach and are all worn out.

Are you keeping your bowels clean with Cascarets—or merely using yourself every few days with salts, cathartic pills, castor oil and other harsh irritants?

Cascarets immediately cleanse and sweeten the stomach, remove the sour, undigested and fermenting food and foul gases; take the excess bile from the liver and carry off the constipated waste matter and poison from the bowels.

A Cascaret tonight will straighten you out by morning—a 10-cent box will keep your head clear, stomach sweet, liver and bowels regular and make you feel cheerful and buoyant for months. Don't forget the children; their little insides need a good, gentle cleansing, too.

MATCH COMPANY PAYS CHILD LABOR FINES

MILWAUKEE, Jan. 23.—The Diamond Match Company paid fines today aggregating \$2000 for violations of the Wisconsin child labor law. The complaint alleged 224 infractions of the statute and some were on the basis of the minimum penalty on the first eighty counts.

HISTORIC STAGE TO GO.

SAN RAFAEL, Jan. 23.—The historic stage line between San Rafael and Bolinas will soon be a thing of the past. The Pacific Coast Railway, the latter named town, asking for a new mail service via Point Reyes, is favorably acted upon by the Post-Office Department at Washington. The petition asking that the stage mail service be abolished in favor of a more direct route through Point Reyes was forwarded to Washington yesterday. The stage line has been in operation for more than fifty years. The proposed change would put the mail into Bolinas three hours ahead of the present system.

ST. JOSEPH, Mo., Jan. 23.—When L. Nason, a railroad contractor, attempted to capture two robbers whom he discovered in the act of robbing a grocery store last night, he was overpowered and robbed by the men. They took his revolver and money and forced him to stand quietly and watch them take the safe in the store. They escaped.

ASTRONOMERS TO MEET.
SAN FRANCISCO, Jan. 23.—The annual meeting of the Astronomical Society of the Pacific will be held at the Assembly hall, Phelan building, Saturday evening. Reports of the proceedings of the society for the past year will be received, and a new list of members and publications committee will be elected. The retiring president, Dr. Heber D. Curtis, will give a lecture, illustrated with lantern slides, upon the subject "Our Stellar Universe."

ESCAPED AFTER FIFTEEN YEARS.
W. P. Broyles made a successful escape after 15 years of suffering from kidney and bladder troubles. Foley Kidney Pills released him and will do just the same for others. Every-day Dyspepsia

In my article last Sunday I made the statement that there are a great many cases of catarrh of the stomach that are not recognized as such. I want to emphasize that statement. Nearly every case of so-called dyspepsia is in reality catarrh of the stomach. A great many cases of catarrh of the stomach are caused by the use of the stomach. A great many cases that come under the general term of biliousness are catarrh of the stomach.

THOUSANDS OF TESTIMONIALS. As stated in my article last Sunday, there is no class of cases that write me more frequently or more enthusiastically as to the benefits received from Pe-run-na than this very class. I feel safe in saying that a greater number of people have recovered from catarrh of the stomach by taking Pe-run-na than any other remedy in the world. This may be partly due to the fact that more people know about Pe-run-na than any other remedy, but it is certainly also due to the fact that Pe-run-na is an excellent remedy for such cases.

WRITE TO DR. HARTMAN. Wherever it seems to fail a letter calling my attention to the matter is generally sufficient for me to be able to set it right. Even though Pe-run-na be taken, the patient may be imprudent in his diet or habits and thus defeat the remedy. But under ordinary, reasonable circumstances Pe-run-na may confidently be expected to render exactly the assistance that Nature needs in these cases.

DIRT TO FLY FOR BIG EXPOSITION

Workmen on Ground Preparing for the Erection of Buildings.

SAN FRANCISCO, Jan. 23.—Many big contracts are nearing completion and several larger ones are about to be started for work at the exposition site. The contract for filling the Presidio lands will be completed by the Standard American Dredging Company in 10 days and the Service building will be finished by the 1st of February.

A contract for construction of a roadway through Fort Mason is completed, with the exception of the asphalt surfacing, which will be laid as soon as the weather permits.

Contract for the construction of the South Garden sewers, awarded to Pringle, Dunst & Company, has been practically completed, as is also the grading the site of the machinery building.

The contract awarded to Palmer, McBride & Quayle for preparation for gardens and conservatories well under way.

The contract for improvement of Fulton basin was awarded to Mercer, Fraser & Company. One-half of the piles have been driven and caps for the wharves are being placed.

Bids for the construction of the high-pressure water system will be received January 23.

A contract for the construction of the sanitary and storm sewers in the state and foreign pavilion sites has been awarded to Michael Murphy for \$28,350, and the contract will be signed within the next few days.

The contract for improvement of Fulton Machinery hall was awarded to W. W. Anderson & Company for \$451,300, and will be signed as soon as the supervisors pass the necessary resolution.

Contracts for the lumber for the Educational building have been awarded to the building grounds committee to the S. E. Slade Lumber Company, Wilson Brothers Company, Loop Lumber Company and Sudden & Christensen for a total amount of \$120,644.88.

FUNSTON, IN REPORT, SCORES ISLAND RULE

WASHINGTON, Jan. 23.—Worn out cavalry horses and inefficient Filipino teamsters would prove a menace to the United States success in the event of a campaign in China or the Philippines, in the opinion of Brigadier-General Frederick Funston, commanding the Department of Luzon of the Philippine division of the army.

In his annual report, Funston says: "The recent substitution of many of the United States teamsters by Filipinos on the score of economy from the standpoint of efficiency is most regrettable."

TO GIVE BIG BALL FOR BENEFIT OF SAN RAFAEL HOME

WILLIAM T. O'CONNOR.

For the benefit of the orphans of the San Rafael Home, a ball will be given by William T. O'Connor, president of the Claremont Parlor, N. S. G. W., Wednesday evening, in Golden Gate Hall, Fifty-seventh street and San Pablo avenue. In the undertaking he has the support of the parishioners of St. Columba parish, in which he is a leading worker. Several hundred tickets for the affair have already been disposed of, and he is confident that the ball will net a large sum to the institution.

Many parishes around the bay are endeavoring to raise funds for the San Rafael Home, which cares for the orphans. Already several thousand dollars have been pledged for the asylum.

The music for the affair will be supplied by an orchestra under the direction of Professor James E. Cooke. The program committee is headed by William O'Connor, with C. A. O'Connor, V. D. O'Connor, A. E. O'Connor and John Kavanaugh as his assistants.

CLAIM DISCOVERY OF CANCER CURE

St. Ignatius University M. D.'s to Demonstrate in Laboratory.

SAN FRANCISCO, Jan. 23.—Claiming that they have discovered a cure for cancer, the Rev. Felix A. Rossetti and Professor Thomas Powers of the University of St. Ignatius will hold a demonstration in the laboratories of the school on Saturday afternoon.

The two members of the St. Ignatius faculty have been working in secret for a period of about six years. Recently several students broke into the laboratory and discovered what was in progress.

Rossetti is a first cousin of Dante Gabriel Rossetti, the English poet. He is enthusiastic over the result of the long period of research.

"The medical world will have to change its theories regarding cancer," he said. "We have found it to be a blood disease, localizing at some point on the body and breaking out into the thing called cancer. We have absolutely cured several cases, and are prepared to prove this on Saturday."

The cure consists of a little plaster, which, according to Professor Powers, need be applied to the cancer but once, and usually effects a cure within two or three months. He states that no cases have proved to be failures, and that several eminent San Francisco physicians are able to testify to the efficacy of the remedy.

KNOX OUTLINES CANAL SITUATION

Tells of the Negotiations With Great Britain in Formal Report.

WASHINGTON, Jan. 22.—Secretary Knox outlined today the status of the Panama Canal negotiations with Great Britain in this formal statement: "The answer of this government to the British protest against the Panama Canal Act was forwarded to London last Saturday by telegraph. It was read by the American Charge at London and a copy was delivered to Sir Edward Grey Monday morning. It was proposed by this government to make it public Tuesday, but at the request of Sir Edward Grey, who desired to transmit it to the British Parliament on Thursday, its publication was deferred as a matter of courtesy to the British government."

"It is expected to be given to the press on Thursday afternoon for publication here Friday morning, coincident with its publication in Great Britain. At the same time a copy was delivered to the British Ambassador here."

OREGON RAILWAY MAN TO CONFER

To Discuss Improvements With Southern Pacific Officials.

SAN FRANCISCO, Jan. 23.—Robert E. Strahorn, president of the Portland, Eugene and Western railway company and vice-president of the Oregon and Washington railroad and Navigation company, both Harriman corporations, has arrived in San Francisco for a series of conferences with Vice-President Calvin of the Southern Pacific regarding Oregon railroad development. He will remain here for about five days and later will go to Los Angeles to confer with Paul Shoup, head of the Southern Pacific electric lines in Southern California.

The Portland, Eugene and Western is the new Southern Pacific subsidiary which is constructing the new electric railway system of about 350 miles in Western Oregon, principally in the Willamette valley. About 100 miles is now under construction and the balance is the reconstruction and electrification of steam roads in the district. The total cost is to be about \$11,000,000.

SCOTCH CONCERT FOR BURNS' ANNIVERSARY

Tomorrow evening at Ebell auditorium the St. Andrews' Society and Clan Macdonald will celebrate Burns' anniversary with a concert and dance. The program is well selected from the poet's masterpieces and will be interspersed with recitations and fancy dancing. Pipe Major Sowersby will make the air dirge with the "Sound of the Pibroch." Miss Mitchell will recite "Sandy McLaughlin's Courtship," which will make the tears run from your eyes with laughter. This is a program all lovers of Burns' works should hear.

CAPTAIN AND PILOT OF VESSEL CLEARED

VANCOUVER, B. C., Jan. 23.—Responsibility for the seven deaths which resulted from the loss of the steamer Chesapeake, which sank at Vananda, B. C., January 7, was fixed upon Chief Steward George Booth and Freight Clerk Gilbert Vaux of the steamer today by the coroner's jury. It was charged sleeping passengers had not been called in time to escape. The pilot and captain were exonerated from blame for the accident.

MINING EXPERT DIES IN DEEP SNOWSLIDE

REDDING, Jan. 23.—Edward Treadwell was born of a mining family, lived a miner's life, died a miner's death and took a miner's skill to the snowslide in which he had been buried 40 feet deep for a week.

Treadwell was superintendent of the Trinity Bonanza mine and son of James Treadwell of San Francisco, one of the discoverers of the famous Treadwell Bonanza mine. Trinity Bonanza miners sank a shaft 40 feet into the slide and drifted through the snow until they came upon the body.

"TRAITOR" IS HURLED AT BRITISH PREMIER

LONDON, Jan. 24.—A small sample of the bitter feeling which will be loosed when the House of Commons begins on Friday the debate on the Home Office bill to the franchise reform bill was given this afternoon. "Shouts of 'traitor' were hurled across the floor of the house because the premier refused to allow the suffragette amendments to the bill to be debated without a time reservation. The speaker publicly reprimanded the member who had started the storm."

Eats Beans With the Railroad Men; Very Cold, He Declares.

(By FRANCOIS, THE TROUBADOUR.)

TRUCKEE, Jan. 20.—Arrived in Truckee shortly after 7 o'clock last evening and found seven feet of snow here, and the thermometer registering a temperature of 10 degrees below zero, which is some cold. In Blue canyon, during the heavy storm, I had rather an interesting time. Slone, in a chair in the depot on Saturday night and had breakfast yesterday morning with one of the night operators, Mr. Miller, at the most fashionable hotel in Blue canyon, namely, the El Wanda.

After breakfast I spent several hours in the caboose of the snow plow doing duty at Blue canyon. There were five in all in the caboose, Messrs. Cox, Dornfield, Hendricks, Gibson and myself. The conversation ranged from a technical description of railroading through the mazes of politics—lobbying, grafting, ballot-stuffing, etc.—on into the stately heights of metaphysics until the "hog-horn" blew and the realization came that there was still some snow to be plowed and dinner to be cooked. Three of the men before named proceeded with the plowing while the remaining one and myself started dinner. The only part I played in cooking the dinner was supervising the meal getting and entertaining the cook with stories of my experience since leaving the Hotel Oakland. In the course of a few hours the dinner was cooked as the weather was so cold it nearly froze the fire in the stove.

With the old song it was: "Beans for breakfast, beans for lunch and beans for supper."

After dinner I bade my hosts farewell and set my face toward Truckee along the route of the Overland Limited. On my arrival at Truckee I shall participate in the winter sports being held there under the auspices of the Southern Pacific and the Truckee Chamber of Commerce. Later I expect to write a special story on the sports held at Truckee for THE TRIBUNE.

I am leaving Truckee for Reno early tomorrow morning. The weather is clear and cold. I will remain in Reno four days. I have had a splendid time here skating, sleighing and indulging in other winter sports. With best wishes, FRANCOIS, THE TROUBADOUR.

RAILROAD EMPLOYEES ACCUSED OF THEFT
SACRAMENTO, Jan. 23.—As a result of investigations made by Special Agent George Green, under the direction of P. J. Kindeon, chief of the detective bureau of the Southern Pacific, six arrests of employees of the company have been made on charges of peculations amounting to approximately \$1500.
The employees arrested were Conductor C. Bradbury, Switchman J. Alkie and brakemen A. J. Hutchinson, C. Benton, S. Weststrom and W. Crockett. Three of these were arrested in Sacramento and three others were arrested in Auburn. The men are charged with breaking in to box cars and opening compartments of goods, including shoes, hats, dress goods and bolts of cloth.

GIRLS MUST SHOW ANKLES, NEW RULE

Stocking Factory Discovers How Pretty Misses Steal Goods.

RIVERSIDE, N. J., Jan. 23.—The 1500 women and girls—some of them as dainty as New Jersey knows how to grow them—employed at the Taubel hosiery mills here, one of the largest concerns in the world, will henceforth have to pass under the inspection of an expert on ankles and "tribbles." The owners of the mill are not engaged in the search for a modern Venus. They are merely seeking to save themselves from heavy financial losses. Expensive hosiery, aggregating more than \$20,000 in value, has disappeared from time to time, so the owners of the mills have called in the services of a New York detective. A few days ago the detective noticed that many of the pretty mill hands had particularly large feet. In court yesterday he testified that the women, when they went to work in the morning, wore shoes that seemed several times too large, while, when they left the mill at night, the boots seemed to fit snugly.

CONGRATULATE IRISH ON HOME RULE VICTORY

SACRAMENTO, Jan. 23.—A joint resolution congratulating the Irish people on the passage of the Home Rule bill was introduced in the lower house yesterday by Assemblyman James Ryan of San Francisco.

The resolution directs Governor Johnson to transmit copies of the bill to the Irish community in San Francisco, and to the Irish community in the lower house of the British parliament, and to the Premier Asquith.

UNBIDDEN GUEST AT DENISON DINNER

FATHER, SON, UNCLE, ALL CHASE HIM

The door began to open just like that. The Unbidden Guest fled. The three Denisons chased him. On the driveway they caught him. On the sidewalk they bouted him. In the street they chucked him and down the block they watched him breaking the speed record.

When they returned to the cozy home at 334 Twenty-first street Denison's collar was up around his ears and his temper was even higher. Why should all the tamps and burglar in the county pick out his home to command the secretary of the Chamber of Commerce.

"Well," said Denison's brother, "they probably read in the papers that everyone who comes to Oakland is entertained by the Chamber of Commerce."

"Huh!" said A. A.

IT WAS THIRD TIME.
This is the third time an uninvited guest has appeared in Denison's home.

erably disconcerted at finding the Denison dinner surrounded by the entire family. He had made his way quietly through the side driveway and had found the back door unlocked, and the way open through the laundry room and kitchen. Only the door to the dining room intervened and he had opened that just as gently as possible. But to second the unbidden guest stared at the Denison family, and the Denison family stared at the U. G.

PROF. JAFFA PRAISES DIET AT HOME FOR ADULT BLIND

Educator Declares Food Is Superior to That of Other Homes

A report by M. E. Jaffa, professor of nutrition of the University of California, has been made a supplement to the report of the State Board of Charities and Corrections on its recent investigation of charges against the management of the Home for the Adult Blind in this city. Professor Jaffa's report was secured at the suggestion of Dr. Jessica Pelletto, a member of the State board, and Governor Johnson has placed the matter of action on the recommendations of the State board in the hands of Senator Breed of Alameda county. He will take the matters up with the board of directors of the home at the earliest opportunity, but has stated that he is positive that proposed improvements cannot be acted upon without much greater allowance on the part of the Legislature than has been contemplated up to the present time.

Jaffa's report in part is as follows: In response to your request for an opinion in regard to the dietary of the Industrial Home for the Adult Blind, I have been able to make the following: Our ideal in this particular dietary should not be to compare it with an ideal, or to wish for the best of it, but to enter into operation, but rather with the dietary of other institutions. The points which are able to cover, therefore, might be summed up as follows: The menus seem to me to be good in almost every respect. The food is well prepared, although the shortage here may be rather more than usual, as also may be the case with the "fancy desserts." There is, however, a very noticeable attempt made to break the deadly monotony of repeated days and weeks, which is one of the greatest difficulties, and the variety in these menus is certainly wider than that usually found in similar institutions.

BREAKFASTS are nourishing and varied. The dinners are adequate and show changes of meats and vegetables and a noticeable absence of that dreaded and usually overrated "stew." The suppers are unusually varied for an institution, although they are not even substantially better than the breakfasts, and heavier suppers are offset by a lighter breakfast, making the total day's nourishment.

APPROVES PLANS FOR VETERAN CAMP

SAN JOSE PASTOR AGAIN IN FAVOR

Deacons May Not Dismiss Him After All; Peace Dove Hovers.

SAN JOSE, Jan. 23.—The dove of peace hovered over the controversy arising at the First Baptist church last evening when the question of asking for the resignation of the Rev. Claude Kelly was to be brought to a vote.

After an all-day meeting at which Dr. Kelly's past was considered, the board of deacons had not yet sufficiently investigated to warrant any public denouncement of Dr. Kelly and postponed the meeting until this evening at which time they will further discuss the accusations.

Kelly presided in person at the past meeting last night. There were over 100 people present and the usual attendance is said to be about fifty. Dr. Kelly in opening his service said that he hoped the meeting would be peaceful and that the feeling of brotherly love would prevail.

The Rev. Claude Kelly's troubles have been taken up by club women in all parts of San Jose chief among whom is Mrs. Edith Whitman, wife of a recent candidate for mayor and a prominent member of the Civic Study League, an organization composed entirely of women, who discuss topics of civic importance and aid in suppressing vice.

Mrs. Whitman says that there is a very thin thread which will connect Louis O'Neal political boss and Southern Pacific attorney, and the Rev. Mr. Kelly. She explains that O'Neal was hired to prosecute Charles Fuller, a member of a roadhouse near Alviso, and that she had called her, a witness in the case. In this connection Mrs. Whitman says she was working with the Rev. Mr. Kelly. She says that is the only connection which she knows of between the minister and the political boss.

The leading laymen and trustees of the First Baptist church declare that although the efforts of the Rev. Mr. Kelly in cleaning San Jose of dives were laudable, he attacked only those who were unfriendly to O'Neal.

SYMMES DEPOSED IN MINE QUARREL

North End Comstocks Center of Long-Smoldering Feud.

SAN FRANCISCO, Jan. 23.—The long-smoldering feud in the North End Comstocks between the interests which are supposed to represent Eugene de Saba and those in control of the other mines of the district flared up suddenly yesterday, when A. P. Coffin, president of the Comstock Pumping Association, summarily dismissed Symmes as superintendent. The latter is in charge of the Mexican and Union mines, the two controlled by the De Saba interests, and the action was taken along the street as a slap at the effort of those interests to dominate mining in the North End properties.

Coffin had wired Symmes to report immediately from Virginia City, and the engineer arrived in town early in the day. Calling at the broker's office, he was asked to sign and upon his refusal to do so without a conference with his supporters in the association, was discharged by Coffin. After the closing of the board of directors met and ratified the action of the president. According to reports, resolutions passed at the meeting Symmes was dismissed for his failure to lower the water in the C. & O. shaft after two years' work and an expenditure of over \$750,000, for the lack of success which attended his plans, in which he was given full sway, and for alleged neglect of duty.

McComick, superintendent of the Comstock, was placed in temporary charge, and later in the day the service of A. M. Walsh were secured to take Symmes' place.

In his defense, Symmes declared yesterday that he had been made to suffer for the mistakes of others. He charged that he had not been allowed a free hand in his plans for unwatering the lode, and that his dismissal was made in an effort to remove the blame for the situation on the part of others. He pointed out that his three supporters on the board consisted of those who were bearing the financial burden, and his appointments were almost uniformly behind him.

Symmes returned to Virginia City last night to resume his work on the Mexican and Union mines, and his successor as superintendent of the Pumping Association will soon depart, perhaps tomorrow evening.

HOTEL MAID KICKS UP DIAMOND FROM FLOOR

SAN FRANCISCO, Jan. 23.—A two-karat diamond pendant, placed aside and seek for exactly seven minutes with a corps of employees, headed by House Detective Blake, yesterday afternoon, was the property of Mrs. E. Perrin of Lodi, a guest. She departed for her home, but while purchasing a ticket at the ferry for Lodi, the diamond missing from a chain that decorated her neck.

Blake's partner, Perrin, who advised the hotel of her loss, Blake hurried to Mr. Perrin's lately vacated apartment on the fifth floor and with the assistance of the assistant housekeeper and several maids instituted a careful search for the missing gem. It was of no avail, however, and the searching party had adjourned to the hotel corridor and was about to separate when one of the maids kicked something with her foot, sending the object flying into the air. The diamond was the diamond and was restored a few minutes later to its exalted owner, who had returned to the hotel in a taxi from the ferry depot.

CONTRACTOR HURT IN FALLING FROM CAR

W. E. McTigue, a plastering contractor, residing at 343 Thirty-fifth street, was severely injured by falling from the back of a San Pablo avenue car. He was rushed in an automobile to Dr. D. D. Deane's office at Nineteenth street and San Pablo avenue. An examination found a severe laceration of the scalp, laying bare the bone. Unless complications set in the doctor expects a speedy recovery.

OAKLAND'S HOUSEWARMING BANQUET

THE housewarming banquet of the Oakland Chamber of Commerce at the Hotel Oakland was no ordinary occasion; no in-the-course-of-human events affair characterized by perfunctory speeches and set platitudes, and the dull formalities which too often make such occasions solemnly stupid and fruitless from either a practical or convivial standpoint.

It was an event to be remembered with pleasure and satisfaction—not merely stimulating, but inspiring and heartening. It was heart warming. It went to the right spot and stirred the right spirit. All present were pleased and gratified, and many of them, we are confident, were instructed and more resolved to do their duty to the city, the State and the nation. None present would have willingly been absent from a gathering so notable for public spirit of the higher sort, for good fellowship, for frank and friendly speaking and for the cordial feeling expressed for every city and section of the Pacific Coast.

The citizens of Oakland honored themselves by extending to their invited guests a welcome both hearty and spontaneous, and which followed the golden rule that the grace of hospitality is in making the visitor feel at home and that he is among friends. Nothing malapropos was said. There was no boasting of our own achievements to the disparagement of our neighbors. Optimism wore her kindest and most generous aspect, and we are sure those who attended the banquet feel all the better for it and think all the better for their city that no one went away from the festal board with a cinder in his eye.

The speeches were more than good—they were

excellent and to the purpose. Not one fell to the level of mediocrity. None failed to interest, and it did one's heart good to see how the diners rose to the visitors who came to address them. We do not remember a similar occasion where the speeches were so uniformly good, so suggestive, so entirely good tempered and so felicitously expressed. Los Angeles, San Francisco, Sacramento, Portland and San Jose sent representatives to break bread with Oakland's representative men and counsel with them as to the modes and methods of development and the responsibilities of citizenship. They all had something worth while to say and knew how to say it, and what they had to say tended to make every member of the Oakland Chamber a better Oaklander, a better Californian and a better American. The wit and cleverness of the responses rather spiced and sauced than obscured the sound philosophy and the clear reasoning of the speakers. The wit and drollery sharpened and winged the shafts of thought. Some of the speakers—notably Mr. Joseph Scott of Los Angeles and Mr. Frank H. Short of Fresno—appealed to the broader national spirit, to the higher and bigger patriotism which expands loyalty to the home city and home state into loyalty to the whole country and its institutions. Both deprecated the self-disparagement which brings eastern people here impressed with the belief that California society is corrupt and the people of this state unworthy.

"We want people to come here, not to reform us, but to help us build up this great state and develop its matchless resources," said Mr. Scott, "and it is our business—your business and mine—to show them how to do it; and I take it that the object of this gathering is to better equip

and prepare you people for the task before you." Mr. Scott does not like the newspapers, but he is not to be blamed for an honest prejudice, acquired from the habit from residence. He resides in Los Angeles and doubtless reads the Los Angeles newspapers. If he believes what they say of each other his prejudice is well founded.

It may be that he sometimes reads the San Francisco Bulletin, which habitually represents the business men of the metropolis as a band of crooks and convicted criminals, as persecuted, oppressed victims of judicial injustice and legal tyranny.

Nevertheless Mr. Scott said a number of things which are sensible and true, and which will sink in the minds of those who heard him as the expression of a mind at once original, bold, courageous and generous. We are glad he came, and can assure him of a hearty welcome when he comes in future, which he surely will. Oakland's latchstring will always hang out for Joe Scott of Los Angeles, and THE TRIBUNE will be pleased to heap coals of fire on his head every time he gives us the pleasure of seeing him among us. We like him all the better for speaking his mind plainly, and forgive him the faults of an environment where thought is pulmonary rather than cerebral.

The welcome given Mr. William T. Sesnon, president of the San Francisco Chamber of Commerce, was expressive of the kindly sentiments the people on this side of the bay entertain for the people of San Francisco. It was an assurance that San Francisco has no enemies in Oakland and that she can count on the co-operation of the cities on this side of the bay in her efforts to make the Panama-Pacific Ex-

position the greatest thing of the kind the world has yet seen. "Oakland is with you, San Francisco," was the message Mr. Sesnon took home with him when he returned across the bay. It was the message that should have been sent, and it could not have been more cordially framed than it was. It breathed the California spirit and proves that Oakland harbors no grudges and is ready to join hands with our neighbors in all enterprises for mutual profit and benefit and for the general welfare of our splendid commonwealth.

And this was expressive of the spirit of the occasion. The viewpoints were different, but the animating motive was the same. The spirit broke through local boundaries and prejudices, sweeping aside differences and petty rivalries, if any exist, and joined in a Pentecost of good fellowship and good citizenship.

It was a housewarming, indeed. The meaning of the event is far more important than the event itself. It is the substance beneath the indication that counts. The banquet will be remembered as the beginning of Oakland's Commercial Club. The need of such an institution has long been felt and the spirit manifested at the banquet emphasized the need and afforded a favorable opportunity for taking the initial steps in its organization. Oakland is on the map and her citizens are resolved to keep her on the map. While they are building an opulent and prosperous city, they will not neglect to make it a city fit to live in. That was the spirit of the housewarming banquet, and it is the true civic spirit. Let us foster and warm it and induce the other cities of the State and coast to co-operate with us in making it the dominant note in the civilization of the western coast.

Free Trade in Lemons.

The Democrats threaten to take all duty off lemons. That is not levying a tariff for revenue only, or anything else; it is free trade. If the government is to collect revenue by taxing other articles imported into the country, why should it forbear to tax lemons? The only reason we can see is that it would boom the importing business centered in New York City and make business for the foreign steamships plying between the United States and the Mediterranean ports.

Taking the duty entirely off lemons will destroy a flourishing California industry, and transfer to foreign steamships a large freight business now handled by American railroads. For this, the government will pay the revenue it would receive from the remitted duty on foreign lemons.

At present half the lemons consumed in the United States are imported. The import duty, while enabling domestic growers to compete at a profit, does not shut out foreign competition. The government gets a considerable revenue from the import of lemons. Yet the Democrats, who went into the Presidential campaign on a platform declaring for a tariff for a revenue only, are now proposing to throw a source of revenue to the dogs and institute free trade in lemons.

Since the election President-elect Wilson has said he is not in favor of free trade. But his party associates in Congress are proposing to run counter to his declaration as well as the tariff plank in their national platform. Mr. Underwood, chairman of the Ways and Means Committee, evidently wants to make it appear that the Lemon Growers' Association is a trust, and use the pretense as a pretext for destroying the lemon industry. He is preparing to say that the lemon growers are organized as a trust to control prices, and that it is necessary to put lemons on the free list to break a combination in restraint of trade.

The answer to this is that the growers' association of Southern California does not control the output of lemons in the United States, or even in California, and that the importation of foreign lemons insures a healthy competition in the lemon trade.

A foreign monopoly will be given control of the home market, so far as lemons are concerned, if the abolition of the lemon duty should, as it will in all probability, make it impossible to grow lemons at a profit in California and Florida. Thus in striking at an imaginary domestic monopoly a real foreign monopoly would be created. A combination of foreign importers doing business in New York City would be given unrestricted control of the American market. Competition would be destroyed with the ruin of the domestic lemon industry, and the people would get their lemons no cheaper.

Is that Mr. Underwood's conception of a tariff for revenue only?

Big business is not necessarily bad business. Whether it is good or bad depends upon the manner in which it is conducted. That rule applies to the commission business. The commission business is the subject of complaint because so many commission men conduct their business dishonestly—combine to cinch the consumers and make false returns to their patrons. That is not the fault of the business, however, but the fault of men who conduct their business improperly. Destroying the commission business is not the way to remedy the abuses complained of. The correction lies in strenuous enforcement of the laws against swin-

dling and combinations in restraint of trade. The need is not for more legislation, but for a vigorous and impartial enforcement of laws already on the statute book. More laws will not cure a neglect to enforce the laws.

One Result of the Crimean War.

Speaking reminiscently of early days in San Francisco, Raphael Weill, one of the best known merchants in California, recalled the fact that public feeling here ran high against the allies during the Crimean War. This was not due to latent hostility toward England or France, but to the circumstance that they were in alliance with Turkey. Russia had taken up the cause of the oppressed Christians in Roumania and Bulgaria, and to prevent the extension of Russian power England and France took up arms in defense of the Turk. Local sentiment ran strongly in favor of Russia and the oppressed Christians. As unjust as the attitude of England and France then appeared, it finally resulted in Roumania, Bulgaria and Serbia being given their independence. Had the allies not stopped the arms of Russia those states would now be provinces of the Russian empire and Constantinople and the Dardanelles would be under the dominion of the Czar. The present situation is infinitely preferable to the one that would have been created had England and France not interfered in behalf of the Turk. Ultimately Roumania, Bulgaria and Serbia benefited by the interference. Now they are neither vassals of the Sultan nor the Czar. Had Russia been allowed to crush Turkey, the liberties of all Western Europe would have been in peril. It was to avert this peril that France and England combined to break the Russian power in 1854.

Rev. Bernard Vaughn, the eminent English Catholic at present in California, calls the State "a muddledome, meddlesome officialdom." His description may be a trifle hyperbolic, but it describes a condition that a good many people are striving to bring about. The State is becoming an omnipresent-busybody in all the activities of human life. Some people want it to supervise the breeding and rearing of children, the hours of labor and rest, the diet of individuals, the styles of dress and dancing and the methods of doing business. Among the flood of bills introduced at Sacramento are many examples of muddling and meddling with strictly private concerns. Officialdom is striving to regulate everything under the sun—conscience, morals, appetites, tastes and even funeral ceremonies. It seeks to control every department of human activity, every phase of human life. It invades everybody's business that it may muddle and meddle—and draw salaries. In consequence government is becoming a nuisance.

POINTED PARAGRAPHS

Health is wealth—except for the doctor. When a man has failed at everything else he poses as a critic. Complexion remedies that most women recommend they wouldn't use themselves. When a woman looks at her watch she guesses what time it is. "Know yourself" and you will probably not feel proud of the acquaintance. Almost any woman is apt to feel badly run down after her neighbors get through discussing her.

BACHELOR MUSINGS

The girl who has a chronic case of the ideal is apt to develop into a spinster. The girl who won't flirt is somebody's infant daughter, fannel-skirted and in her cradle. A man would rather be run over by a trolley car than have his wife call him pet names in public. Slip the first of the year, slide all the rest. What makes gossip look like the truth is for it to be impossible to be. A girl is so etc. etc. she can nearly always put off being very fat till after she is married.—New York Press.

Mr. and Mrs. C. C. Volberg of Alameda will visit Germany and on their return stop over at the World's Fair. The bill providing two extra superior judges for Alameda county has finally passed the Senate. An investigation of the charges against the management of the Home for the Adult Blind was commenced today by a committee from the Legislature. The west-bound limited train on the Cleveland, Cincinnati, Columbus and St. Louis road, or Big Four, ran into an open switch while traveling at the rate of 40 miles an hour. It crashed into a freight train, killed the engineer and over 25 persons were nearly burned to death in the flames that attacked the coaches. Sherman, Clay & Co., of San Francisco have established themselves in Oakland, realizing the growing importance of this city in the business world. Dr. Maurice J. Collins departed yesterday on a trip to Louisville, Kentucky. The pupils of the Deaf, Dumb and Blind Institution at Berkeley are preparing to send an exhibit to the World's Fair. Professor John M. Schabert of the Lick observatory will leave next Wednesday for Chile, where he will take photographs of the sun's corona during the total eclipse, which occurs on April 16. Dr. Benjamin Wall will leave for Europe in a few days on a business and pleasure trip. Last night a number of the members of the First Hebrew congregation attended a lecture by Rabbi Franklin in the Beth Israel Synagogue of San Francisco.

WITTY BITS

After Father Knickerbocker has perfected his scheme for increasing the illumination of the White way he will probably turn his attention to painting the lily. If Jack Johnson should buy a summer home down South we suspect that there would be one fire to which the local hook and ladder company would forget to respond. A St. Louis doctor announces the discovery of a new disease among joy riders called the automobile foot. What is an automobile foot—one that is tired? With horse racing and gambling abolished, and the New York Stock Exchange threatening to reform itself, absconding bank cashiers pretty soon will have no excuse to offer save bewitching blondes and flashing brunettes.—Washington Post.

NATIONAL BODY ASKS COMMISSION

**Proposes Permanent Board as
Mediator in Tariff
Matters.**

WASHINGTON, Jan. 23.—The National Chamber of Commerce at its final session went on record today through the adoption of resolutions, favoring the creation of a permanent tariff commission, the establishment of a new banking and currency system and recognition of the Republic of China. Favoring the tariff commission created some discussion on the ground that it might be unwise because its political aspect might embarrass the work of the chamber.

An endorsement of President-elect Wilson's announced intention not to disturb faithful government employees in their positions was opposed and not acted on.

**Dream Causes Husband

**Saw Wife With Another Man
in Vision; Goes Abroad to
Investigate.**

NEW YORK, Jan. 23.—A dream so vivid that it is true could not be doubted, caused Charles Grellet to sue for an annulment of his marriage seven years ago.

On the witness stand Grellet said he dreamed he met his wife in Paris with another man whom she introduced as her husband. When he awoke and asked his wife about the dream her replies aroused his suspicions and he went abroad to see if his vision was true.

The records in Paris, Grellet testified, showed that his wife had been married there in 1900 to Victor Coumant, who still was living. The case was undecided. Justice Erlanger reserved decision.

**T. J. CROWLEY DIES
OF HEART FAILURE**

SAN FRANCISCO, Jan. 23.—Timothy J. Crowley, aged 71, for 40 years a resident of San Francisco and prominent in business and Masonic circles, passed away at his home, 1403 Broadway street, from heart failure at 10:20 o'clock Tuesday night. He leaves but one relative, his wife, Mrs. Kate Crowley of Toledo, O., who he married in New York 35 years ago. He will be accorded a Masonic funeral by the California Commandery Saturday afternoon. The cortege will leave the Albert Pike Memorial Temple, 1853 Geary street, at 2 o'clock, and the interment will take place in the San Mateo Cemetery.

Crowley was a large shareholder in the Union Oil Company, but he took no part in the management, although his private offices were in the same building, the Kohn building, California and Montgomery streets. He was a native of Cork, but left Ireland at an early age and went to New York, where he stayed for a number of years, coming West 40 years ago.

**MARIN CONTROVERSY
OVER WATER ENDED**

SAN RAFAEL, Jan. 23.—Acting on an opinion of Attorney General U. S. Webb and a demand from the Marin board of supervisors, County Treasurer T. J. Fallon yesterday paid to Clerk C. S. Whitaker of the Marin Municipal Water District, \$13,086, which, although the property of the water district, has not been available for use by that company for several months.

The money was collected as a special water tax, along with the other county taxes. Later because no segregation of the funds had been made, the tax collector turned the entire fund over to the county treasurer.

Treasurer Fallon refused to deliver the money to the water district officers until an opinion by the Attorney General, a demand by the supervisors, several resolutions by the water district and other "red tape" had been duly gone through. As a result the water district was practically without funds and its employees without salaries until yesterday.

**NEW ZEALAND FAVORS

MELBOURNE, Jan. 23.—The speech of Sir G. F. King-Hall, favoring a Pacific fleet, "composed of divisions from the Dominion, whose shores are washed by the Pacific ocean," from New Zealand, emphasized today as the position of New Zealand.

He declared the southern Dominion approved the principle of a British fleet in the Pacific under imperial control and added it call should come—and he anticipated it—"would find New Zealand over ready to answer."

**TEMPORARY INJUNCTION
GRANTED LODGE MEN**

CLINTON, Iowa, Jan. 23.—Judge A. F. Barker granted today a temporary injunction against the Modern Brotherhood of America transferring members to new lodges adopted at the Denver convention. The order will hold in effect until Feb. 3, when there will be a further hearing.

**ONLY ONE VOTE AGAINST
WOMEN SUFFRAGE BILL**

ALBANY, N. Y., Jan. 23.—With only one dissenting vote the Wagner resolution proposing an amendment to the constitution to permit women to vote passed the state senate today.

Monday Jan 24-1848
This day some kind of
mettle was found in the tail
race that looks like gold,
first discovered by James
Marshall, the Boss of the Mill
(Extract from Henry Bigsby's diary)

THIS entry, made 65 years ago, caused a sensation throughout the civilized world that brought men from the whole earth to seek their fortunes in the California "diggings." What a momentous history is ours—dating from the thrilling days of 1848-1850—days when men made and gambled fortunes overnight.

Sixty-five years ago tomorrow John Marshall electrified the world by the discovery of gold nuggets at Sutter's Mill.

To celebrate this 65th Anniversary of the discovery of gold, Hale's offers this Gold Nugget, Sale—a day when "nugget" merchandise greets you all through the store at prices hovering close to cost.

JOHN MARSHALL, THE DISCOVERER.

"GOLD NUGGET DAY" comes each month for one day only, but on that day the greatest bargains in first-class merchandise are offered—so good that we have termed them merchandise "nuggets," and named this greatest of all bargain days, "Gold Nugget Day."

—Watch for Gold Nugget Day every month. A host of phenomenal values will always be offered. Study this list today. Isn't it worthy of a special trip to Hale's?

—See our Washington street window display with the painting depicting Sutter's Mill and the discovery of gold by John Marshall, January 24, 1848.

—See the series of fascinating photographs of early days in Oakland in our windows. Notable are views of Twelfth and Broadway in 1869, the Old City Hall, the old Central Hotel, etc.

Indian Commissioner Calls It a Moral Victory; Probe Planned.

WASHINGTON, Jan. 23.—The "greatest moral victory in the history of the Osage tribe" was the way Acting Commissioner of Indian Affairs Abbott characterized today the election of a new tribal council to succeed that deposed recently by Secretary Fisher on the charge that "undue influence" had been exerted over it by the Uncle Sam Oil Company in trying to obtain a lease on the Osage lands.

The district supreme court here, to which the old council appealed against Secretary Fisher's action in deposing them, has refused to reinstate them. The report of the house committee on Indian affairs which investigated the matter as a result of charges by the Uncle Sam company that Secretary Fisher was trying to aid Standard Oil interests, is expected to make its report in a few days.

SAN DIEGO, Jan. 23.—Seven men, charged with a long series of daring daylight burglaries in San Diego, are in the city jail and about \$1,000,000 worth of valuables have been recovered. The men gave their names as C. W. Gump, C. H. Pool, Joe Davis, Jermain Wilkerson, Jack Walton, Harry Fleming and Thomas Sullivan. Most of these names are supposed to be fictitious. The stolen goods were recovered from pawnshops, saloons and a cache at National City. Homes in Colorado and San Diego have suffered greatly from burglaries within the past few weeks.

**SUBTLE POINT
DECIDED STORMS**

"The Word 'Or' Made It Useless to Fight," Says Deposed Mineralogist.

SAN FRANCISCO, Jan. 23.—W. H. Storms, who yesterday gave up his position as State mineralogist to Fletcher M. Hamilton, appointed by Governor Johnson as his successor, said yesterday afternoon, after he had consulted several legal authorities:

"It is useless to make a fight. If a suit was brought its success or failure would hinge on the word 'or' in the clause of the law governing the appointment of State mineralogist. The law reads: 'The appointment shall be for four years, or until a successor has been appointed.' It is a subtle point, and would involve a great deal of legal argument and opinion. On my side I would have to carry the expense of a long drawn out legal battle, but the State would not pay the expense of the Governor's defense."

"It would seriously embarrass my successor, and neither he nor I would be able to draw any salary. I have stated before, and I will not take it back now, that had I not dismissed Mrs. Kingsford

and McCann, there never would have been any trouble between myself and the Governor.

TOOK GOVERNOR SERIOUSLY.

"I took Governor Johnson too seriously in his demands for efficiency and economy. The same charges made by the Board of Control could have been made years ago because the same conditions existed then. The board of trustees, which has direct supervision over this bureau, has upheld me always. I have done the best I could here, although the appropriation has always been inadequate for the work that ought to be done in the interests of the mining industry. You may tell the public that I received a swift kick from Governor Johnson, and it didn't hurt a bit."

"A lot of things were charged in the report of the Board of Control to Governor Johnson. We were supposed to be short in our accounts. That report was fully replied to by the board of trustees in a detailed statement which denied any shortage whatever, and showed that for every penny we did not have in cash in the bank we had vouchers which properly accounted for it. The members of the board of trustees are men well known in the State, and are above even the shadow of suspicion."

"Let Governor Johnson reply to this report, or at least acknowledge its receipt. In it lies my complete vindication and the indorsement of the board of trustees of my administration of the bureau of mines."

While her late executive finds himself thrown out of the Governor's patronage, Mrs. Kingsford, whom Storms designated as the woman "who could not spell her own signature," and was "useless," looks on from a position in the bureau of labor statistics at a salary of \$125 a month.

**INVESTIGATION OF
INDIANS EXPENSIVE**

WASHINGTON, Jan. 23.—It will cost the government twenty thousand dollars to investigate the condition of the Crow Indians in Montana, as proposed in a resolution adopted by the Senate a few days ago authorizing the Department of Justice to make the inquiry. Attorney General Wickersham has informed those urging the investigation that his department is without funds for the work and that it cannot be undertaken unless Congress makes an allowance of at least \$20,000.

The Effects of Opiates.

THAT INFANTS are peculiarly susceptible to opium and its various preparations, all of which are narcotic, is well known. Even in the smallest doses, if continued, these opiates cause changes in the functions and growth of the cells which are likely to become permanent, causing imbecility, mental perversion, a craving for alcohol or narcotics in later life. Nervous diseases, such as intractable nervous dyspepsia and lack of staying powers are a result of dosing with opium or narcotics in infancy.

The rule among physicians is that children should never receive opiates in the smallest doses for more than a day at a time, and only then if unavoidable.

The administration of Anodynes, Drops, Cordials, Soothing Syrup and other narcotics to children by any but a physician cannot be too strongly decried, and the druggist should not be a party to it. Children who are ill need the attention of a physician, and it is nothing less than a crime to dose them willfully with narcotics.

Castoria contains no narcotics if it bears the signature of Chas. H. Fletcher. Genuine Castoria always bears the signature of

SHOOTING DOG TO
RESCUE HIS SON

Boy Attacked by Angry Animal
Narrowly Escapes
Injury.

ELMHURST, Jan. 23.—A ferocious dog was shot in the Havenscourt tract yesterday by a man named Walter Jackson, of Oakland, who arrived in the nick of time to prevent his little son being severely torn by the infuriated animal.

The boy was playing on the track when a big brown dog bounded out of a neighboring orchard, and attacked him. Knocking the little fellow to the ground, the dog, which appeared to be a mottled grey, bit at the boy and attempted to get at his face, which he shielded with his hands. Things might have gone badly with the boy but at this juncture his father, attracted by his son's wild screams, appeared on the scene. Realizing the danger, he went forward and striking a blow from the dog's haunched it off the boy and then shot it dead before it could do further mischief.

Several marks left on his arms and the teeth of the dog, the boy was not hurt, although but for the intervention of his father he might have been killed. The owner of the dog has not been found.

Man Jailed on Spouse's
Complaint.

ELMHURST, Jan. 23.—Joseph Lauber, of 2021 Sixty-ninth avenue, who at one time owned one of the largest and most fashionable restaurants in San Francisco, was arrested last night by the Alameda police on a warrant sworn to by his wife, who charges him with dipsomania. Officer Egelman, who effected the arrest, conveyed Lauber to prison, to await the examination of a medical man.

About twenty years of age, Lauber was a prominent and wealthy member of the French colony in San Francisco. He counted some of the best people in the city as guests at his restaurant. The wife, however, wiped out his business, and he lost all his property.

Committee of Prominent Citizens
Gathering Statistics
for Proposed Election.

HAYWARD, Jan. 23.—The committee composed of business men and public officials of this city, who have been appointed to gather the necessary statistics for the proposed annexation election, are working energetically toward this end.

The following is the committee appointed: Mayor Charles W. Hoyer, President William Angus of the Chamber of Commerce; President P. J. Crosby of the Social Service Association; J. E. Welch, H. L. Robinson, S. C. Smith, P. Wilber, A. W. Dean and F. D. Armstrong.

Included in the many schemes to improve and extend this city in view of the forthcoming Panama-Pacific exposition, is that of a bigger postoffice, the erection of which is felt to be a necessity. The increased population, which would double the annexation of several districts around Hayward, would, according to business men, entitle the community to a congressional appropriation of \$50,000.

It is pointed out that Hayward postoffice, which serves a population estimated at 15,000. The annexation plans, if carried through, will extend the boundaries of the city approximately a mile to the north, east and south, and will include a large area of orchard land.

Work in Bettering Street
Conditions.

SAN LEANDRO, Jan. 23.—To further increase the attractiveness of San Leandro as a well kept city, citizens are to be asked to improve their sidewalks, and to keep everything in good trim in the neighborhood of their residences. It is the intention of the trustees to have the city always look at its best, and therefore have sidewalks constructed and improved is compulsory.

Should a private resident fail to comply with the new rule in not having his sidewalks made to the satisfaction of the city fathers, the board will see that the improvements are effected.

ARRANGEMENTS COMPLETE
FOR WOODMEN'S BALL

HAYWARD, Jan. 23.—Arrangements are completed for the big ball, which is to be given February 1 by the members of the Woodmen of the World. It is planned to make it the most successful in the history of the camp.

The following recently installed officers are to take a prominent part in the forthcoming affair: Commander J. D. Lovell; adjutant, Lieutenant A. J. Viera; banker, F. Rose; clerk, J. B. Correa; escort, R. W. Jones; watchman, S. de Bunt; sentry H. Nunnin; manager, G. Madley.

BULLDOG GNAWS WAY
THROUGH STABLE WALL

ELMHURST, Jan. 23.—Lost, a sixty-pound sturdy English bulldog, who escaped last night from his quarters in a stable by gnawing his way through a wooden wall, after he had snapped his chain.

"Tippec," as the runaway beauty is called, is a valuable dog and his owner, Mr. R. McBride of 1615 Eighty-eighth avenue, is anxious for his return, and is also concerned in case "Tippec," who is of true fighting stock, may make trouble for anyone who happens to find him.

HEART TRIBUNE'S PAGE for WOMEN HOME

Society

SOCIETY always loves to entertain for those interesting members of its charming circle, the engaged girls, who make such a picturesque part of the social pageant upon the never-to-be forgotten occasion to which the engagement is but the prelude—the wedding—the announcement of a girl's betrothal is invariably the signal for a round of entertaining in her honor nowadays, and if it were not for the engaged girl society affairs would be hard put to it at times to find a reason for being.

Miss McHenry was a hostess yesterday afternoon at one of the smart card parties of the pre-Lenten season in honor of two charming girls whose invitations to wed have been announced. The honored guests were Miss Madeline Clay, who will wed Warren Harwood in the spring, and Miss Grace Downey, who will be the bride of Charles Clench of Grass Valley in March.

The drawing room and tea tables were decked with handsome roses and green ferns. Mrs. F. T. McHenry, the attractive hostess, mother, aided her in receiving her guests. About fifty were asked for an hour of bridge, followed by a delightful tea. Among the guests were Miss Helen Downey, Miss Dorothy Taylor, Miss Juliette Maurais, Mrs. Fritz Van Sicken, Mrs. Frederick Parnum, Miss Mosley, Miss Myra Hall, Miss Nellie Adams, Miss Camille Adams, Miss Dorothy Capwell, Miss Pedeella Hall, Miss Irene Farrell, Miss Elizabeth Ornick and Miss Lila Marshall.

BRIDGE FOR MISS STANTON.

Miss Camille Adams entertained about twenty-four friends this afternoon in honor of Miss Myra Stanton, who is to be married to Arnold Weber of Berkeley will be a society event of March. It was an informal affair with bridge as the chief feature.

BERKELEY ASSEMBLY.

Masonic Temple in Berkeley was the scene of a smart affair last night when the Berkeley Assembly gave its third dance of the season. About three hundred of the society folk of the bay cities attended, many crossing the bay from San Francisco to take part in the festivity. It was the most successful of the delightful affairs for which the assembly building is famous.

The ballroom was banked with the soft green of ferns and the sturdier huckleberry, over which the softly shaded red lights cast a cheerful glow. Many in light and dark gowns were worn, and their color tones were wonderfully enhanced by the background of green. Among the patronesses of the assembly who were present were Mrs. Selma Woodworth, Mrs. Edward H. Clapp, Mrs. Clinton Day, Mrs. Carl Fisher, Mrs. Charles Butters, Mrs. John Snook, Mrs. A. O. Leuschner, Mrs. Henry Glass, Mrs. Allen McKenzle Sutton, Mrs. Raymond Wilson, Mrs. Charles Mills Gayley and Mrs. Wilfred Page.

A number of smart dinners preceded the dance in Berkeley and Piedmont homes. Mr. and Mrs. Charles Butters entertained at "Roselawn" in honor of Miss Lois Crosby. Mrs. Frank Sirlinham entertained at a dinner at her attractive home, and Miss Edith Clapp was a dinner hostess.

PORTLAND VISITOR HERE.

Mrs. Lewis Tashler is entertaining Mrs. R. K. Lee of Portland at her hospitable home on Orchard street. Mrs. Lee, who is a niece of Mr. Tashler, was a former resident of Oakland and has been a warm and welcome visitor here for many years. Many delightful affairs will be arranged in her honor during her stay here.

BRIDGE AND TEA.

Mrs. Warren McKibben was hostess at a bridge party this afternoon in honor of two of the popular engaged girls of the younger set, Miss Margaret Parr, fiancée of Samuel J. Taylor, and Miss Margaret Wyman Taylor, whose engagement to Dr. Malcolm Goddard, has been announced. Both sides of the bay will send guests to the enjoyable affair.

HOME IN SAN FRANCISCO.

Mrs. Walter Wilson is now making her home in San Francisco. Before her marriage, she was Miss Ruth Soule, daughter of Mr. and Mrs. J. F. Soule of Alameda, and a popular member of the younger set of the Emerald City. She is a frequent visitor on this side of the bay.

DANCE FRIDAY.

Among the smart folk of our city who will cross the bay Friday night to attend the dance which is being given in the ballroom of the Keystone Apartments are Mr. and Mrs. Edgar Jones. A number of the society people will go from this side for the occasion.

MISS COOGAN'S RECEPTION.

Miss Helen Coogan will be hostess at a large reception in the month as a compliment to three debutantes, Miss Dorothy Capwell, Miss Helen Acker and Miss Pearl Cawston. Miss Coogan will receive at the home of her mother, Mrs. T. C. Coogan, and will be assisted by a host of society buds and belles. The affair is being given in the month of February.

MISS EVELYN EDITH SLATER, WHOSE ENGAGEMENT TO HERBERT W. TWEEDIE HAS BEEN ANNOUNCED.—Shaw Photo.

Three young guests of honor have been prominent members of society since their debut receptions last fall, and a trio of more charming girls would be hard to find. Miss Capwell is the daughter of Mr. and Mrs. H. C. Capwell. They have been staying at the Hotel Oakland, but have purchased the home of the Edward Lacey Braytons on Hillside avenue, and will establish their home there in the near future. Miss Helen Acker is the daughter of Mr. and Mrs. Nicholas Alexander Acker of Euclid avenue, and Miss Cawston is the daughter of Mr. and Mrs. Tyler Henshaw.

BRIDGE AND TEA.

Mrs. Ernest Polger was hostess at a delightful afternoon of bridge Monday for a group of matrons who meet together at frequent intervals for cards. Tea rounded out the afternoon hours.

BRIDGE CLUB MEETING.

The members of one of the smaller bridge clubs were entertained recently by Mrs. Ralph W. Kinney at her attractive home on Alisal avenue. A dozen guests enjoyed a dainty luncheon before the afternoon at the card tables.

DINNER AT COUNTRY CLUB.

Mrs. Ernest Porter will entertain in honor of Miss Katherine Havens of Chicago at a smart dinner party for fourteen at the Claremont Country Club Saturday evening. The guests will remain for the informal dance which is always a Saturday evening feature of the club, and will later go on to the home of Miss Mildred Dodge on Ridge road for supper.

LINDA VISTA CLUB.

Mr. and Mrs. T. C. Coogan will entertain the members of the Linda Vista club at their home on Friday evening of next week. The members of the club include about twenty neighbors of the Linda Vista Terrace district who have been meeting regularly for several years. Bridge will occupy the evening. Mrs. Edward M. Walsh is president of the club.

EVENING AFFAIR.

Mr. and Mrs. R. T. Kessler entertained a small party of friends at their Madison estate home Friday evening in honor of Walter C. Kelly, the "Virginia Judge" who has been visiting Oakland. After a delightful dinner cards, dancing and music completed the evening. Among the guests from both sides of the bay who were present were Judge and Mrs. A. F. St. Sure of Alameda, Mr. and Mrs. August E. Muenster of San Francisco, Mr. and Mrs. Paul Steinfeld, Mr. and Mrs. Ralph L. Vander Nulken, Mr. and Mrs. Fred L. Tall, Mrs. Grace Strome, S. V. Costello and Miss Irma Kessler.

WINTER ASSEMBLY.

The third dance of the season will be given by the Winter Assembly Saturday evening, February 1, in the Ivory ballroom of the Hotel Oakland. It will be an elaborate affair for about two hundred guests, and will be followed by a supper after the dancing. Among those who will receive the guests will be Mrs. Raymond A. Perry, Mrs. Ernest Boyce and Mrs. E. J. Boyce. Some of the members of the orchestra are Mr. and Mrs. George R. Chambers, Mr. and Mrs. B. S. Hubbard, Mr. and Mrs. George S. Lackie, Mr. and Mrs. Jenkin Bevan Johns, Mr. and Mrs. P. A. Webster, Mr. and Mrs. W. S. Rheem, Mr. and Mrs. Sidney Wilber Smith, Mr. and Mrs. William McDonald, Dr. and Mrs. Charles L. Morey, Mrs. Henry M. Bull, Miss Elizabeth Latham, Mr. and Mrs. Harry Miller, Mr. and Mrs. Walter Reed, Mr. and Mrs. J. R. Smith, Mr. and Mrs. Frederick Stein, Mr. and Mrs. J. H. Davis, Mr. and Mrs. H. B. Gaskill and Mr. and Mrs. J. W. Gishew.

JUNIOR ASSEMBLY DANCE.

One of the most brilliant affairs of the winter season will be the Junior Assembly, which will take place tomorrow night at the Hotel Oakland. Two hundred or more will be asked. It is a complimentary affair by the patronesses of the Junior

Assembly of the last two years for the members who have enjoyed the delightful assemblies in other seasons. The classic ballroom will be softened with palms and woodwardia fern, and an elaborate supper will be served to the guests after the dancing. The young set are the motif of the occasion, and those holding chaparral tickets are asked not to present them until after 11 o'clock. Among the patronesses of former assemblies who are sponsors for the charming affair are Mrs. Edgar P. Stone, Mrs. Nicholas Acker, Mrs. Louis Cockcroft, Mrs. Clarence Wetmore, Mrs. William H. High, Mrs. J. L. Souphan, Mrs. C. W. Ames, Mrs. Samuel Brock, Mrs. Arthur Crellin.

DINNER FOR CLOMANS.

One of the series of dinners with which Mrs. Charles Butters is entertaining will take place on the evening of January 28, when she will entertain at her Claremont home in honor of Major Sidney Cloman and Mrs. Cloman. A number of friends have been asked to greet the guests of honor. Major Cloman has been sent here by the government to arrange the naval program for the Panama-Pacific Exposition.

DANCE IN MARCH.

Invitations have been sent out by Neal Harris and Norman Babin for a large dance to be given on the evening of March 1 at "The Ferns" on Telegraph avenue. The younger and older sets have been included in the invitations for the delightful affair.

LUNCHEON AND BRIDGE.

Mrs. Robert Boyer will be hostess at a luncheon Friday afternoon at her home on January 31, entertaining as her guests the members of one of the smaller bridge clubs. Cards will be the diversion of the afternoon. The guests will include Mr. and Mrs. William Schrock, Mrs. Mildred J. Layman, Mrs. Henry M. Bull, Mrs. George Chevallier, Mrs. Raymond A. Perry and one or two others.

CHANGE OF RESIDENCE.

Mr. and Mrs. Maxwell Taft have leased the home of Dr. and Mrs. J. Cunningham in Alameda point and will take up their residence there in the near future. The Cunninghams have engaged apartments at the Hotel Oakland for the winter season.

WEDDING LAST NIGHT.

Miss Ruth Irene Goodman and George Robert Tryon were wedded last night at a quiet ceremony at the bride's home in Alameda street, in the presence of a few relatives only. The bride was given in white silk marquisette over white messaline, enriched with pearls, and carried a bouquet of bride's roses. Mrs. Frank Jones, her sister, who was her only attendant, wore white satin. Harry McDougall acted as best man. The young couple are both members of St. Mark's church and are well known in musical circles. They will take up their residence in a new home in Northbrae upon their return from the wedding trip.

ENGAGEMENT ANNOUNCED.

Mr. and Mrs. E. C. Wilson announced the engagement of their daughter, Miss Amelia M. Wilson, to Robert W. Stratton, son of Dr. and Mrs. R. T. Stratton, at a charming affair on the afternoon of Saturday, January 18. Both young people are graduates of the Oakland High school. Miss Wilson recently attended the University of California. The wedding date has not been set. Among the guests were Miss Irene Stratton, Miss Neville Dukes, Miss Vivian Middleton, Miss Elmina Gardner, Miss Margaret Nold, Miss Miriam Haines, Miss Mary C. Keyes, Miss Anna Osterander, Miss Marguerite Seiffert, Miss Phoebe Matthews, Miss Irene Ball, Miss Irene Alexander, Miss Naomi Elverson, Miss Ruth Nicholson, Miss Edith Holmstrom, Miss Helen Craft, Miss Sara Yeelman, Miss Esther Helgeson, Miss Elma Kinkner, Miss Emma Ham, Miss Ruth Schorn.

MILLIONAIRE'S SON
WEDS BEAUTIFUL
NURSE

Hospital Romance Ends in Marriage; Norma Anderson Is Bride.

SAN FRANCISCO, Jan. 23.—The marriage of Norma Anderson, reputed to be the most beautiful nurse in San Francisco, and Ernest Rochat, son of the millionaire furniture manufacturer and realty operator, became known yesterday after being a secret since Saturday.

Rochat and his bride are passing their honeymoon in luxurious Santa Barbara, where the waves make music for the glowing moonlight nights.

The marriage was the consummation of a romance that began at the bedside of the father of the bridegroom.

The older Rochat became ill recently, after returning from a tour to Europe with his son. Miss Anderson became his nurse, and in that way met the son. Their engagement was kept secret, and intimate friends were not taken into their confidence when they decided to be married.

The wedding, followed a quiet dinner, to which young Rochat had taken the bride-elect at the Palace Hotel. The ceremony was performed at the home of the Rev. William Rader, pastor of Calvary Presbyterian church.

Demands Her Vote

SAN FRANCISCO, Jan. 23.—The existing interpretation of the federal law that a woman who marries an alien takes the political status of her husband and loses her American citizenship is to be tested in the courts in an action to be instituted by Mrs. Mackenzie Gordon, wife of the well known singer, and herself a prominent and popular figure in local social circles.

As a first step Mrs. Gordon has asked to be registered as a citizen. She declares she is a native of the United States, her birthplace being Redwood City.

Registrar Zemansky, with the approval of the election commissioners, refused the application, explaining that under the interpretation thus far given to the federal statute, she must first establish to be a native born citizen, and then prove that she was born in the United States, and has never renounced her allegiance or applied for American naturalization.

Fails to Find Spouse

NEW YORK, Jan. 23.—Senorita Maria Coston Rodriguez, aged 28, P.H.D., mistress of the school days, there yesterday the lonely occupant of a hacienda that might have been a regiment, sailed from New York yesterday without the ideal husband for whom she had searched all of North America, and convinced that the territory of domestic science of the northland all were written by Baron Munchausen and the Brothers Grimm.

Two years ago Senorita Rodriguez's father died, leaving her rich. Suitors besieged her in vain. Senorita Rodriguez, who is a native of the northland, and many of whom are married and in this country. Four months ago she set out to visit each of them, and incidentally look for an ideal man. Yesterday, on the deck of the steamer Sana, she said she had given up the search for a husband.

Lady do Bathie never took out her second papers—some sort of international conflict between Great Britain and the United States was threatened if she did not—and when seen at the St. Francis Hotel last night she wanted to know if the first papers would count now.

Bloomer Bathing Suits

PALM BEACH, Jan. 23.—This "season" has developed a new style of bathing suit for women. The new suit is a one-piece suit, and is made of a material which is called a bloomer suit. It is a one-piece suit, and is made of a material which is called a bloomer suit. It is a one-piece suit, and is made of a material which is called a bloomer suit.

It is the intention of the designers, it is said, to have the bloomers worn in colors contrasting sharply with the rest of the garment, thus producing a pretty effect. It is argued, too, that it gives greater freedom of action for swimming.

WESTERN GIRL WINS.

PHILADELPHIA, Jan. 23.—It was learned last night through the issuance of a marriage license that Reinald H. Morris, the well known Philadelphia cotton leader, has succeeded in winning the hand of Miss Emily L. C. Parker of Denver.

MODERN BATHS

By LILLIAN RUSSELL

Copyright, 1912, by Lillian Russell

TO enumerate a tithe of the bathing devices now used will convince one that bathrooms admit of great additions to their usual convenience. The marble or tile lined rooms, with their marble, gold plated and silver tubs of millionaires, have nothing to recommend them more than the pleasure they give to the eye. For the elaborate tub is no better for all purposes of heat than the porcelain, enamel and tin tubs. The principal thing is to have the bathroom bright and sunny, with floors and walls tiled or painted, making them impervious to moisture. The carpeted bathroom is a nuisance. A steam heater or a heat register should be in every bathroom for the purpose of heating the towels and linen to be subsequently used. Tubs should always be long enough to lie down full length in. A shower bath is not necessary, but a spray with flexible tubes is indispensable for the hot and cold douche. It does not give the system one great shock like the shower, but concentrates the stimulus of the jet where needed, gently or otherwise.

In cases of rheumatism, paralysis or skin diseases the play of a douche for five or fifteen minutes is a most effective stimulant. A hot soaking for half an hour, followed by a douche for fifteen minutes, is given at many water cure places with incredible results. Women who have undeveloped figures and worry over them will find great benefit in sitting on a seat in a bath tub, with their feet in the hot water, spraying the entire body with the flexible spray, alternately cool and hot.

Bathing is carried to a fine art in the best public establishments, which number an increasing list of medicated baths—quinine and iron baths for malaria, oil baths for consumption and creosote baths for eruptions. A bath which Mme. Nordica has brought to this country is wonderful for reducing flesh, as it contains a great quantity of Epsom salt, a little iodine and soda. Women who suffer from perspiration should use ammonia and camphor in their baths and should never neglect to take a bath every day. Doctors seem to be disagreeing as to the benefits of the daily bath, but any normal woman, man or child can find nothing but comfort and health resulting from at least one bath each day. Remember, water in any form is beneficial. The danger is in the neglect of its use.

T. E. M.—For that continual bird feeling this time of year I would advise you to live outdoors just as much as you can, remembering that the value of this life depends entirely upon the way you exercise your lungs in breathing. Oxygen has been called the divine tonic. And nature gives us enough fresh, pure air to fill both lungs every three seconds. If this does not seem possible for you to follow, then go outdoors not fewer than six times a day, rise on your toes, lift your arms shoulder high, and breathe in the breath of life to your fullest capacity 25 times. Lower the body to normal position

and let the arms fall with every expiration. Deep breathing, together with pure food and pure water, will purify the blood. I shall be happy to send you instructions for deep breathing if you will send me a stamped addressed envelope.

with the thumbs and fingers with a kneading motion. Then exercise them by compressing them together. Another exercise is to press the lips tightly together and draw back the corners of the mouth so as to put the lips on a stretch. Be careful not to pull the hair dry and brittle and of a dirty half color. It should not be used on the face, for it makes it yellow and dry. If you wish to bleach your face use a good face bleach. Buttermilk is good for bleaching the face. Use it as you would water, allowing it to dry on and then covering the face with a good cold cream.

V. S. E.—The brown spots are probably liver spots. They are caused from improper action of the liver. When constipation exists take one teaspoonful of phosphate of soda in a glass of hot water half an hour before breakfast. Drink slowly. The same amount of epsom salts is also good. INTEREST DIES OUT
IN BOY SCOUT
MOVEMENT

"The Boy Scout patrols of the church of Piedmont have disintegrated for the season," said Rev. John B. Stuebel, organizer of the Boy Scouts, an enthusiastic worker for the cause. "The interest in the movement seems to have died, but I think it will be revived in the summer months."

All the scout organizations of this city have practically disbanded, but Professor Victor Ligda, who was a leader in scoutcraft, declares that the youth will be brought together during the vacation.

The Girl Scout companies failed because of the lack of leaders. A number of bright young women were studying the art of the scouts for the purpose of training the younger girls, but it has been thus far, almost impossible to organize the squads.

In the playgrounds the camp-fire girls have been established and many of the older girls of that reservation are enjoying the hikes and meetings at the campfire. In many respects the camp-fire organization resembles the scouts. The girls state that their camp-fire society will never die as it appeals to their nobler sentiments.

Healthy Mothers

Women who bear children and remain healthy are those who prepare their systems in advance of baby's coming. Unless the mother aids nature in its pre-natal work the crisis finds her system unequal to the demands made upon it, and she is often left with weakened health or chronic ailments. No remedy is so truly a help to nature as Mother's Friend, it relieves the pain and discomfort caused by the strain on the ligaments, makes plant those fibres and muscles which nature is expanding, and soothes the inflammation of breast glands. Mother's Friend assures a speedy and complete recovery for the mother, and she is left a healthy woman to enjoy the rearing of her child. Mother's Friend is sold at drug stores. land, a spirit that comported well with the magnificent promise of the future and with the setting of the banquet.

The Chamber of Commerce has held many banquets before, but none were characterized by the spirit that made this the commencement of a new epoch. Oakland will never see another Chamber of Commerce banquet like those that were held in the years gone by. A new mark has been set, and the future will

have to carry forward the record that was made last night.

Youth, enthusiasm and the ever-vigilant joy of power and achievement were symbolized in the joyous gathering of over 510 business men and professional men and their guests from the cities of the coast. A splendid banquet was enjoyed, accompanied by a rapid fire of entertainment from two rival camps of singers and rooters, and at the close addresses were made that will go down in the history of Oakland.

"The big guns" were unlimbered last night when it came to the post-prandial program of the evening. Men whose words of eloquence have become famous throughout the West vied with each other in their brilliant sallies of wit, daring prophecies, glowing periods and in the slashing perorations with which they capped their climatic oratory.

SPEAKERS CHEERED.
Each speaker was welcomed with salvos of cheers from the rival rooting sections at each end of the great banquetting room. And at the end of

the addresses the applause cracked and roared back and forth like artillery in a joyous battle. The spirit of the evening was one of steadfast determination, enthusiasm of the kind that combines impulsive act with the reliable backing of earnest will power. There was laughter and merriment. Jests were exchanged. But the merriment was the foaming crest of a mighty ocean wave. It marks the highest point of a deep power as irresistible as the tides of the great Pacific.

Professor W. E. Gibson presided as toastmaster and controlled the great audience with a shrill whistle. Leaders of the rooting sections also carried whistles and the shrilling of these siren calls was on every occasion the herald of some new brand of entertainment, or of the introduction of a speaker whose words fell upon the listening audience and called forth storms of applause.

GUESTS ARE AMAZED.
Guests from far cities were amazed at the spirit and variety and enthusiasm of the gathering. "This great antiphonal chorus," said Dr. James Bullitt of San Jose. "This is as marvelous a performance as a three-ring circus to a small boy." came voice of a visitor from the East. "If we had your lung power they'd

hear us round the world," declared Joe Scott of Los Angeles. The yells and topical songs which enlivened the banquet were the work of the progress and prosperity committees and of the Real Estate Association. These two organizations occupied tables at the extreme ends of the room. The tables were connected by a telephone and Fred Reed and Kenneth Millican, the two leaders, kept each other apprised of the plans to ring the changes back and forth in the antiphonal chorus of shouting and song.

WIFE DESERTER IS FOUND GUILTY

Charles Batelle Is Jailed for Failure to Provide for Young Bride.

After half an hour's deliberation, a jury in Superior Judge Harris' court brought in a verdict of guilty last evening in the case of Charles Thornton Batelle charged with failure to provide for his wife, Evelyn McKelton Batelle, a bride of less than a year. Batelle is 26 years of age and his wife scarcely 21. They were married in Fresno after a short courtship and later came to Oakland to reside.

Last September Batelle deserted his wife she said, and left her practically without provisions. He had been gone for some time he called her up on the telephone and read the menu of a French dinner which he said he was about to enjoy.

Deputy District Attorney W. B. Smith prosecuted the case against Batelle and it is the first conviction of its kind before a jury to be obtained in this county under the new law.

During his residence in the county jail, Batelle incurred the enmity of his fellow prisoners. They petitioned Sheriff Barnett to be allowed to attend the trial of Batelle in court.

Judge Harris will sentence the convicted man next Saturday.

WHAT OTHER NEWSPAPERS SAY OF TRIBUNE ANNUAL

(Hayward Journal of January 21.)
Alameda County will receive the greatest boost of its existence by the Oakland Tribune's Annual. It takes in the entire county, giving every section a square deal. Views of the famous Tenthredin boulevard, Dublin, orchard and farm and dairy, views of homes and street scenes in Hayward, San Leandro, Livermore, etc., and showing the matchless resources of the Imperial County of Alameda make Hayward very attractive for the home-seekers.

The Oakland Tribune also made mention of the fact that Hayward is the home of Company H, of the National Guards, conceded to be the best all-around company in the state. Hurray for Company H.

(Woodland Daily Democrat of January 21.)
One of the finest special editions we have seen this year is the annual special edition of the Oakland Tribune. From a mechanical standpoint it is a beauty, and would attract special attention for that if for no other reason. But it tells a story of progress and development that is but little less than marvelous, and it tells it in an entertaining and instructive manner.

The statistical and industrial information it imparts is of great value and it appears to have been edited conscientiously and with much care. In every possible way the special edition bears unmistakable evidence that the people of Alameda County are proud of the Tribune and the ability with which it is edited.

International Pool in Armor Plate Disclosed

NEW YORK, Jan. 23.—The United States Steel corporation and the Bethlehem Steel company participated for four years in an international pool in armor plate which divided up the business of "neutral markets."

MOTHERHOOD IS CALLED VOCATION

Love Must No Longer Be Blind, Declares Noted Physician.

NEW YORK, Jan. 23.—Dr. Felix Adler addressed the Society for Ethical Culture on "The Indispensability of the Modern Woman." He took as his text that portion of Tennyson's "The Princess," which lauds the charms of the unlearned woman, "the gracious household mistress."

"It is the fashion today," said Dr. Adler, "to approach such questions as this from the point of view of the immediate benefits to be derived or from the point of view of woman's rights. There are no such things as rights in the abstract. We have rights only in order to discharge obligations. You must not tell me of the rights of woman as an individual. You have rights only from the point of view of society, from the point of view of humanity."

He continued in part: "To speak of the emancipation of woman is misleading. Emancipation suggests a deliverance of slaves. It suggests a servile class. But women were never a class—they have always been a sex; they have always belonged to the same class as their fathers and brothers."

In certain respects, however, women have been subject, and in these respects they wish to shake off the authority of man, and they are right in so doing. Women were formerly supposed to take their opinions from men in regard to those questions which required sustained intellectual thinking, in questions of politics, in religion and social questions.

"The first great claim and triumph for woman has been the getting of the right to equal educational opportunities with men. Equality can only mean equality in the chance to get an opinion. Women next claimed a choice of vocation. They claimed that every calling was open to them."

Dr. Adler warned young girls against misunderstanding the meaning of independence. He referred to the girls who want to shake off all authority as "little anarchists." "They think," he said, "that independence means never entering into obligations which you cannot draw out of."

The young woman, who is about 23 years of age and extremely possessive, was arrested in the Province yards of the Northwestern Railroad by George Smith, a detective. She was about to board a freight train destined for Omaha.

"I'm on my way to Reno," she told Lieutenant George Hutchinson at the Desplains street station. "No, I'm not looking for divorce. You see, I never had a husband."

When asked her name the girl refused to give it.

"You may call me Miss Hazel Johnson," she said. "I think that is a cute name, don't you? I haven't done anything to be ashamed of, but if I give you my real name my mother will try to get me to go back to the ranch in Mexico. They have lots of money, but I don't like my stepfather."

She told Lieutenant Hutchinson that her fondness for beating her way on freight trains was a result of a term of employment as a railroad "spotter."

She said her duty had been to stand beside freight trains and report the men for violations of the rules.

"Once a brakeman found out what I was doing and hit me on the head with a lantern," she declared. "Then the railroad was passed to look out for me, so I lost my usefulness to the company."

"Miss Johnson" says she has tramped through Yellowstone Park and has visited nearly every big city in America. She was arrested in Milwaukee last Friday and was ordered to leave the city. Then she came to Chicago.

GIRL HOBO GOES TO CITY PRISON

Girl Becomes Tramp Through Acting as Railroad Spotter.

CHICAGO, Jan. 23.—It is more fun to "spot" one's way about the country on freight trains than to reside in the luxurious Mexican hacienda. At least, this is the philosophy of "Miss Hazel Johnson," who is a prisoner in the Desplains street station.

The young woman, who is about 23 years of age and extremely possessive, was arrested in the Province yards of the Northwestern Railroad by George Smith, a detective. She was about to board a freight train destined for Omaha.

"I'm on my way to Reno," she told Lieutenant George Hutchinson at the Desplains street station. "No, I'm not looking for divorce. You see, I never had a husband."

When asked her name the girl refused to give it.

"You may call me Miss Hazel Johnson," she said. "I think that is a cute name, don't you? I haven't done anything to be ashamed of, but if I give you my real name my mother will try to get me to go back to the ranch in Mexico. They have lots of money, but I don't like my stepfather."

She told Lieutenant Hutchinson that her fondness for beating her way on freight trains was a result of a term of employment as a railroad "spotter."

She said her duty had been to stand beside freight trains and report the men for violations of the rules.

"Once a brakeman found out what I was doing and hit me on the head with a lantern," she declared. "Then the railroad was passed to look out for me, so I lost my usefulness to the company."

"Miss Johnson" says she has tramped through Yellowstone Park and has visited nearly every big city in America. She was arrested in Milwaukee last Friday and was ordered to leave the city. Then she came to Chicago.

Strobridge Asks Inebriate Asylum

SACRAMENTO, Jan. 23.—An asylum for inebriates at Stockton, for which an appropriation of \$100,000 is asked, is provided in a bill by Senator E. K. Strobridge of Hayward. The institution's management is placed in the hands of five trustees who are to be members of the state commission in lunacy, serving without pay but with an allowance of \$25 per day for days of actual service. Companion bills provide for the transportation of those who have lost self-control from the habitual use of drugs.

TACOMA, Wash., Jan. 23.—The result of a pitched battle last night between two gangs in which revolvers, knives, bricks, clubs and fists were used in Tacoma is dead, another dying and five under arrest.

JUSTICE EDGAR SINGING BERKELEY

Proceedings to Recover \$1107 Back Salary Begun in Extra Sessions Court.

Arguments were made before Superior Judge Mahan in the Extra Sessions department this morning in the case of Justice of the Peace Robert Edgar against the City of Berkeley for \$1107 back salary. The matter was submitted to the court on briefs.

ROOTS OF TREE SAVE \$400 DIAMOND RING

EAST ORANGE, N. J., Jan. 23.—The root of a sturdy oak, which refused to be turned aside by such a trivial object as a waste pipe, is the indirect cause of having saved to Mrs. James E. Van Dyke, of this place.

The old root prevented a \$400 diamond ring, an heirloom, which had been dropped accidentally into a basin in the sewer pipe and probably lost forever.

"Take the whole system out," Mr. Van Dyke told the plumbers, "do anything you like, but get that ring, for Mrs. Van Dyke won't sleep until it is recovered."

The plumber made short work of old fittings in the drain, but failed to find the waste pipe in the back yard he opened, and the plumbers had to work upon it. One of them discovered that the root of a mighty oak which stands in the yard had penetrated the pipe.

When he dislodged the root the ring dropped out.

LEGAL NOTICES Notice to Architects

Notice is hereby given by the Board of Supervisors of the County of Alameda, State of California, that said Board of Supervisors is about to erect a hospital and infirmary on the property now owned by the County of Alameda and situated on the Foothill Boulevard in said County, near the City of San Leandro; that the said hospital and infirmary will be erected according to the program of competition therefor, adopted by the Board of Supervisors on the 20th day of January, 1913, which program of competition is on file in the office of the County Clerk of Alameda County, and to which reference is hereby made for a full description of the character of the hospital and infirmary to be erected; copies of said program of competition may be obtained on application to Henry H. Meyers, Advisory Architect, Competition for Alameda County Infirmary, at the Hall of Records, Alameda County, California.

Notice is hereby further given to architects to submit plans and specifications, in detail, for a hospital and infirmary to the Board of Supervisors in accordance with said program of competition, by delivering to said Henry H. Meyers, Advisory Architect, at the address given above, said plans and specifications, and all other papers necessary to be delivered with the plans, on or before May 20, 1913, at 12 o'clock noon.

Notice is hereby further given, that said Board is authorized by law to expend the sum of One Million Dollars (\$1,000,000) for the erection and complete construction of said county hospital and infirmary.

Notice is hereby further given that said Board will allow to any architect entering the competition the following premiums: To the architect whose plans and specifications are adopted for the erection of the hospital and infirmary, a first prize design, a premium of six (6) per cent upon the total cost of the work done under said plans and specifications, and a second prize design, a premium of three (3) per cent upon the total cost of the work done under said plans and specifications.

Notice is hereby further given that prior to the award of any prize for the first prize design, or for any other design, the said Board of Supervisors will require the architect whose plans and specifications are adopted for the erection of said hospital and infirmary to give a good and sufficient bond, with two good and sufficient sureties thereto, in the penal sum of Five Thousand Dollars (\$5,000.00), to be approved by said Board of Supervisors and conditioned that within sixty (60) days from the date of said bond he will enter into a contract containing such provisions and conditions that may be required by said Board of Supervisors, and also conditioned that the said architect will give such further bond for the faithful performance of said contract, with such sureties as may be required of him, in the event that said Board of Supervisors, acting under authority of law, should, within sixty (60) days, require said architect to enter into a contract to erect such buildings at the price named in said advertisement to be expended for such purpose.

By order of the Board of Supervisors.
JOHN P. COOK, Clerk.

INDIAN DROUGHT RAISES PRICES

Momentary Steadiness in the Market Brought by the Weather Conditions.

CHICAGO, Jan. 23.—Drought in India, resulting in higher wheat prices at Liverpool, brought about momentary steadiness at the opening of the market here today, May being up to unchanged at 94 1/2c. The settlement of the Balkan trouble and expectation of heavy world shipments started a reaction which carried May down to 92 1/2c.

The close was weak, with May 1/2c lower at 92 1/2c.

Various reports chronicling rain in the Argentine and one of them from Rosario to the local firm stated that the precipitation was general and heavy, and that the wheat crop was being saved from a disastrous failure.

HAYWARD WANTS CURFEW OFFICER

Civic Center Asks That Woman Be Put on Job of Watching Young.

HAYWARD, Jan. 23.—The civic center of this city has drawn attention to the need to curb the curfew ordinance shown by hundreds of children, and the organization has suggested that a woman curfew officer is badly needed to enforce the law.

It is pointed out that at present many children dodged the curfew bell summoning them home, and that in time this freedom given to children to range the streets at a late hour would result in their getting into bad company, a special effort is made to see that the children obey the curfew, and mothers have no way of finding out where their children have gone. Steps to remedy this state of affairs will probably follow the suggestion of the civic center.

HAYWARD FORESTERS GIVE ANNUAL BALL

HAYWARD, Jan. 23.—The annual ball given by the Independent Order of Foresters in their rooms in the James H. Wood building proved a most enjoyable affair.

WINTER SPORTS TO BE FEATURE OF BIG TRUCKEE PILGRIMAGE

MRS. E. A. WATSON (LEFT) AND MISS MINNIE C. JACKSON ON TRUCKEE EXCURSION COMMITTEE.

With a committee of women, composed of prominent members of the Native Daughters of the Golden West, assisting, the pilgrimage which will be taken to Truckee Pass, February 1, under the auspices of the Golden West, promises to be one of the biggest excursions taken from Oakland and the bay cities for a long time. Invitations have been issued to all the bay parlor of the Native Sons and Native Daughters and the members have been asked to invite their friends.

The committee of women assisting in the arrangements is composed of Miss Minnie C. Jackson, Miss Edna Seleck, Miss A. Heckel, Mrs. E. A. Watson, Mrs. Sarah de Blois and Mrs. R. J. Gray.

Reservation on the special train which will leave the Sixteenth street station, Saturday evening, February 1, at 7:30 o'clock, are coming in rapidly. Another crowded train will leave San Francisco at 7 o'clock the same evening.

Mrs. T. F. Gray, of Alhambra, N. D. Gray, will take a party on the trip and State Senator Charles E. Belsaw will board the train at Antioch with a party. Other party members are: Mrs. Sullivan will send 25 members to make the journey. The Oakland lodge of Elks is also arranging to take part in the excursion and this organization may charter two private cars for the pilgrimage.

The excursionists are looking forward to an exciting program of winter sports at Truckee Pass. Sunday, February 2, the merry-makers will return home early Monday morning. Truckee Pass at this time of the year offers all the strenuous recreation of winter. In addition to sleighing, skating, skiing, and snow-balling, a feature of the day will be the toboggan run. The toboggan run is 1000 feet long, 70 feet wide and has a fall of about 150 feet. Power is supplied to haul the toboggans back to the top of the hill. There will be 50 toboggans at the disposal of those making the trip.

The committee in charge of the undertaking is composed of Edward Babbe, Charles F. Corrigan and A. L. Gerhard. Reservations can be secured from the following:

County Auditor E. F. Carrison, hall of records; Fred H. Jung, grand secretary of the order, Native Sons hall, Mason street, near Geary; San Francisco; C. F. Navler, 3214 Adelphi street, Berkeley; C. F. Corrigan and E. T. Nelson, South Pacific office, Thirteenth street and Broadway; and John Flynn, with Cunningham, Curtiss & Welch, 555 Market street, San Francisco.

OAKLAND'S AUTO ROW IS GROWING

James Cosby to Handle Sales End of Oakland Stutz Car Interests.

(By EDMUND GRINNION.)

Two more new automobile men have cast their lot with the rapidly growing motor car interests of "My City, Oakland," according to Al B. Cosby, head of the A. B. Cosby Motor Car Company here and a large distributor for the Stutz car and Ohio Electric interests in northern California and the northwest.

Cosby announced this morning that he had appointed James Cosby, his brother, who has been closely associated with him in the San Francisco office, to take charge of the sales end of the branch house interests in Oakland, and also that P. J. Maguire will take full charge of the general details of the local Cosby house. Both boys are well known in the Stutz line. Cosby has been in the Stutz line since 1905, and has been identified with the success of the Stutz line. Cosby expects to place many of the sturdy Stutz cars in this territory. He has arranged for a Stutz car and an Ohio electric to be on the Oakland salesroom floor at all times from this morning on.

The Stutz car is one of the most popular machines on the coast although practically a newcomer. It made its debut in the industry at the time of the 1911 Indianapolis speedway event and from its showing in that 600-mile classic was dubbed "the car that made good in a day." The Stutz has been put to the test many times since all of the big race events of the United States and also in all of the local race events and it has steadily maintained its reputation. It is the same machine that Earl Cooper, the local pilot, so patiently pursued and trimmed Barry Oudiff with and then later nicknamed Bob Burman in Los Angeles.

MAKING BETTER FARMERS. Motorcycles are being used in Minnesota in furthering the extension of scientific farming.

In one high school where they have an agricultural department, the teacher has a motorcycle, purchased by the school district, upon which he spends about half the afternoon from farmer to farmer.

Professor A. V. Storm, chief of the College of Agriculture, published a circular in this method and has given it his warm approval.

EASY TERMS FOR FORDS. Since the fact has been made public by the ALAMEDA Car Company that it is now in a position to sell Ford cars on easy terms, the offices of that company have been besieged by prospective purchasers. Already a number of advance orders have been booked and by the looks of things the allotment of 300 will have to be increased in order to supply the demand.

HUTH WITH ABBOTT LINE. Fred S. Huth, formerly manager of the Stutz car interests in Oakland for the ALAMEDA Car Company, that it identified himself with the Abbott-Detroit car interests here, which are controlled by Fred A. Huth, a brother of the late George Huth, who has already assumed the duties of his position.

Mr. Gilbert, western district manager for the United States Tire Company, has left for a three-day trip through the southern territory.

Don't go south and after a week in Los Angeles start on a trip of inspection to all his branches and district representatives.

Matters of importance to the development of the business and problems of operating and maintenance will come up for discussion.

SCOTCH PROGRAM GIVEN BY SOCIETY

Oakland Organization Hears Local Artists at Novel Affair.

Members of the Illinois Society and their friends enjoyed an entertainment at Havens Hall, Oakland, this week, when a Scotch program was rendered, as follows:

Miss Alice Heatley, pupil of the Berkeley School of Music and Dramatic Art, recited "When the Minister Comes to Tea," and responded to an encore, Mrs. Carrie C. Muller sang "I Love a Lassie," and as an encore, "Comin' Thro' the Rye." A piano solo, Scotch selections with variations, was rendered by Miss Hazel Lapham, and Miss Alice Heatley danced the Highland Fling, in costume.

The attraction of the evening was Robert Robertson, in complete Scotch costume, who told stories and sang Scotch songs. The names of many new members were read and more applications received. Coffee and Scotch scones were served at the close of the program. Dancing followed.

The next meeting for members only will be held at the home of Mr. and Mrs. Galsler at 588 Merriman street, Monday evening, January 27.

PREDICTS PROGRESSIVE VICTORY 4 YEARS HENCE

CHICAGO, Jan. 23.—Amalgamation of the Progressive party with any other organization was opposed and victory for the new party four years hence predicted by former Senator Albert J. Deveridge in an address last night before the Chicago Progressive Club.

"The Republican party is through," he said. "It stands only in the way of the completion of the great things for which it was formed. The Democratic party will have the solid south as long as the Republican party endures."

INDIANS SUSTAIN SECRETARY FISHER

PAWUSUKI, Okla., Jan. 23.—Indians of the Osage nation at a tribal council here repudiated the proposed scheme to grant a blanket lease to 800,000 acres of oil and gas lands, owned by the tribe, and by practically unanimous vote sustained the position of Secretary of the Interior Fisher and President Taft. The lands are valued at \$50,000,000. Fred Lockout was elected principal chief of the nation and Edgar McCarthy his assistant.

TUBERCULOSIS SERUM AT MINISTRY'S DISPOSAL

BERLIN, Jan. 23.—Dr. Friedrich Friedmann, who announced last November at the meeting of the Berlin Medical Society the discovery of what he believed to be a cure for every form of tuberculosis, has received the promise of an audience with the minister of the interior today when he will place his tuberculosis serum at the ministry's disposal.

TO FIGHT WOMEN'S 8-HOUR AMENDMENT

EDITORIAL

It's always interesting and frequently amusing to take a look backwords.

Do you remember the good old days when all the druggists decorated their windows with large glass bottles filled with colored liquids? When stuffed birds and aquariums and goldfish and sometimes even snakes occupied the choicest locations in window displays?

Do you remember how the old-time druggist even placed his show cases in the windows and filled them full of sundries, articles, not never a price in sight?

They used to exhibit oil paintings alongside nursing bottles and stuffed cranes alongside of medicine and next to a change for months.

Probably no single line of business has seen greater improvement, during the past ten years than the drug business. Today the modern druggist employs experts to trim his windows. Every square foot of space is used to its utmost advantage. Displays are accurately and constantly checked for results and frequently a window goes in one day and out the next.

The modern drug store is a leader among merchants, especially in matters of health and morals, for no business employs a closer relationship with its patrons than that of the modern pharmacist.

Bowman's enjoys the confidence of their trade for the reason that its management has always appreciated the trend of the times and has kept well ahead of the rapidly changing conditions.

HERE'S A GOOD SCHEME FOR A MEDICINE CABINET

Labeled, Glass Stopper bottles at 12 1/2c each.

Every home-loving woman likes to keep her household spice and span and in good systematic order.

Now, then, is there anything in the home more important to keep in systematic order than the medicine chest?

When you want anything in the medicine chest you want it quickly, and yet the average medicine chest is about the most mixed up department of the household.

We have a solution for the problem:

Get a supply of labeled bottles, made especially for this purpose, and transfer everything to its proper bottle.

These medicine chest bottles have glass stoppers and good clear labels. You can get a dozen for \$1.50.

They look neat, they preserve the contents, and everything is right in sight where you can place your hand upon it without looking all over the place.

Among the labels made upon these bottles are the following: Toilet Water, Mouth Wash, Rose Water, Florida Water, Spirits of Camphor, Brandy, Glycerine, Borax, Jamaica Ginger, Shampoo, Boric Acid, Peroxide, Alcohol, Listerine, Cologne, Bay Rum, Ammonia and many others.

A relief for pain of almost any character. Good for Colds and Catarrh. Something well worth investigating.

It is well known that Menthol possesses powerful anesthetic properties. Salicylate of Methyl, on the other hand, has recently found a place in therapeutics on account of its great curative properties.

A method has been discovered for combining these two substances with a minimum of extraneous matter, forming an absorbent balm of remarkable anesthetic and healing properties.

We are putting it up in collapsible tubes, calling it Bowman's Anesthetic Balm. As a relief in all forms

Umbrellas Parcel Post

You can never have too many umbrellas, and, like the old barn door fable, the time to get busy is before the real need comes.

Just now we are offering 10 per cent off on all umbrellas and for \$1.50 you can get as good a two dollar umbrella as you ever saw.

This discount is soon to be discontinued and should be taken advantage of this week.

It is interesting to know that we carry one of the largest stocks of umbrellas around the bay. We keep them on almost continuous display, sell hundreds of them, and have been doing so for years, and yet the day after old resident said to the writer: "Why, I didn't know Bowman's carried umbrellas."

Isn't it wonderful how observing we all are!

Oh, yes! Something else! Umbrellas can be sent by parcels post when ordered to be delivered outside our store delivery limits. Any umbrella can be sent via parcels post anywhere in Alameda or Contra Costa county or as far south into Santa Clara county as Morgan Hill, 10 cents.

Under no circumstances must parcel post packages be deposited in street boxes. All must be taken to regular postoffice and handed in to the parcel post department, where further information may be obtained, if desired.

We thought the above might be of interest to our friends, hence its publication.

MAY REFUSE AGED JUROR AT TRIAL

Darrow Defense Objects on the Ground That Man Is Physically Unfit.

LOS ANGELES, Jan. 24.—While a number of deputy sheriffs were engaged today in serving jury summons on seventy-five thirsmen, constituting the second venire in the trial of Clarence S. Darrow, physicians who were summoned by Earl Rogers, chief counsel for the defense, examined John Farley, a septuagenarian, whose sitting was opposed by the defendant's attorneys yesterday because of his advanced age. Owing to the exhaustion of the first venire there was no session of the trial today. A report by the physician pronounced Farley's condition probably will be submitted to Judge Connelley when court resumes tomorrow if the contention that Farley's condition unfit him to serve this report will be made ground for the juror's dismissal for cause. If the court denies the motion, it is likely that the defense will exercise a preemptory challenge to displace him.

Farley was one of the five men sworn as permanent jurors yesterday, the defense reserving the right to ask for his removal. Farley's condition, however, is a physical condition such that he could not be dependable.

WORLD'S RADIUM IN 'TRUST'

LOS ANGELES, Jan. 23.—A gigantic international radium company, which will control the radium market of the world is nearing completion in London. The company was formed here, backed by influential English and continental bankers for controlling the richest radium ore mines in Austria and Portugal.

JURISDICTION IN CASE UNCERTAIN

Did Shooting Affray Take Place On or Off the Indian Reservation?

WASHINGTON, Jan. 23.—A survey may be necessary to determine whether a recent shooting affray in Colorado between Big Rabbit, a Ute Indian, and a Mexican sheep herder named Vigil, took place on or off the reservation in order to determine whether the federal government has jurisdiction in the matter. The Indian bureau here was informed today by John Spear, assistant to the reservation, that both Big Rabbit and Vigil are expected to recover. The Mexican is in the hands of the county authorities while the Indian is being sought. The trouble arose over a misunderstanding as to lands which the Indians thought belonged to them and after the shooting the Indians took to the hills and have refused to surrender Big Rabbit.

PARIS FORTIFICATIONS BOUGHT; TO EVICT POOR

PARIS, Jan. 23.—The problem of finding accommodations for 120,000 people who are to be evicted from their dwellings owing to the sale of the antiquated fortifications of Paris to city authorities by the French government is now before the municipal council for solution. The space occupied by the twenty-one-mile wall encircling Paris and the "firing zone" 500 yards in width facing it, is to be converted into public parks. This space is now covered by many thousand ramshackle houses, occupied by the poor or working people. The amount of money expended in 1840 and now to be razed, exceeded \$200,000,000.

GRAND JURY MAY LOOK INTO DIVORCE EVIDENCE

CHICAGO, Jan. 23.—An investigation into testimony presented before Judge Heard of the circuit court in the case of Mrs. Grace Brown-Herbert-Guggenheim-Wahl in her suit for the setting aside of the divorce of William Guggenheim, may be taken up by the grand jury. The suit was recently dismissed.

Chief Justice Jesse Baldwin of the circuit court admitted today having mailed yesterday a letter to State's Attorney Macley Hynes, asking such investigation, but he refused to further discuss the case.

FIREMAN DROWNED

VALLEJO, Jan. 23.—Chester Bennett, a fireman on the cruiser Maryland, jumped overboard from the launch while on a trip across the bay here yesterday and was drowned. It is supposed Bennett became frightened at the approach of a steamer, and, fearing a collision, sought safety in the water. His companions made an attempt to rescue him, but failed.

Take the "direct road" to health and strength by using Foley Kidney Pills for backache, rheumatism, weak, sore kidneys and bladder irregularities. Each herb tablet is chosen for its positive healing and curative qualities. Foley Kidney Pills are the best medicine you can buy for kidney and bladder troubles. Mrs. M. F. HERE'S A GOOD SCHEME FOR A MEDICINE CABINET

Labeled, Glass Stopper bottles at 12 1/2c each.

Every home-loving woman likes to keep her household spice and span and in good systematic order.

Now, then, is there anything in the home more important to keep in systematic order than the medicine chest?

When you want anything in the medicine chest you want it quickly, and yet the average medicine chest is about the most mixed up department of the household.

We have a solution for the problem:

Get a supply of labeled bottles, made especially for this purpose, and transfer everything to its proper bottle.

These medicine chest bottles have glass stoppers and good clear labels. You can get a dozen for \$1.50.

They look neat, they preserve the contents, and everything is right in sight where you can place your hand upon it without looking all over the place.

Among the labels made upon these bottles are the following: Toilet Water, Mouth Wash, Rose Water, Florida Water, Spirits of Camphor, Brandy, Glycerine, Borax, Jamaica Ginger, Shampoo, Boric Acid, Peroxide, Alcohol, Listerine, Cologne, Bay Rum, Ammonia and many others.

Umbrellas Parcel Post

You can never have too many umbrellas, and, like the old barn door fable, the time to get busy is before the real need comes.

Just now we are offering 10 per cent off on all umbrellas and for \$1.50 you can get as good a two dollar umbrella as you ever saw.

This discount is soon to be discontinued and should be taken advantage of this week.

It is interesting to know that we carry one of the largest stocks of umbrellas around the bay. We keep them on almost continuous display, sell hundreds of them, and have been doing so for years, and yet the day after old resident said to the writer: "Why, I didn't know Bowman's carried umbrellas."

Isn't it wonderful how observing we all are!

Oh, yes! Something else! Umbrellas can be sent by parcels post when ordered to be delivered outside our store delivery limits. Any umbrella can be sent via parcels post anywhere in Alameda or Contra Costa county or as far south into Santa Clara county as Morgan Hill, 10 cents.

Under no circumstances must parcel post packages be deposited in street boxes. All must be taken to regular postoffice and handed in to the parcel post department, where further information may be obtained, if desired.

We thought the above might be of interest to our friends, hence its publication.

CANNOT CHECK CHINESE OUTLAWS

Authorities Puzzled by Formidable State of Disorder.

AMOI, China, Jan. 24.—The disorderly elements in the Province of Fu-Kien have become so formidable that the authorities are unable to cope with them. In the neighborhood of Hinghua traffic has become unsafe except for very strong parties and these are compelled to keep to the principal roads.

Pirate attacks are very frequent on the River Dragon, even large vessels being attacked. A junk chartered by an American oil company, was boarded by pirates today and the captain killed.

GALES ARTIST "PAPA"

NEW YORK, Jan. 23.—Mrs. Hugh Ditzler, wife of the well known portrait artist, yesterday in the supreme court objected to her husband being called "papa" by a pretty young woman named Roselle, who formerly was employed as maid in the Ditzler home. Mrs. Ditzler's objection to the form of a suit for a divorce and the artist's wife won an interlocutory decree.

Patients Speak for Themselves

FAMILY'S HEALTH
BERKELEY, Cal., Oct. 14, 1912.

Dear Dr. Chan & Kong: I am pleased to state that the health of my family has been greatly improved since we have been using your medicine. My wife and I have been suffering from various ailments for many years, but since we have been using your medicine, we have felt much better. My children are also much healthier and more active. We are very grateful to you for your kind and effective treatment.

Yours truly,
E. C. Wood.

STOMACH TROUBLE
OAKLAND, Cal., Feb. 17, 1912.

Dear Dr. Chan & Kong: I am pleased to testify to the merits of your Chinese Herbs, which I had occasion to use for stomach trouble, after trying several physicians for three years and obtaining no relief. I am now feeling much better and stronger than I have been for many years.

Yours truly,
E. C. Wood.
